SAIGON (AP) — President Nguyen Van Thieu, who only a day ago reluctantly approved the U.S. bombing halt over North Vietnam, today showed his independence of Washington by saying he will not send a South Vietnamese delegation to the Paris peace talks next week.

He told a cheering Congress his government would never agree to bargain with the National Liberation Front, the political arm of the Viet Cong.

The United States had hoped for four-way talks beginning next Wednesday, with Saigon, Washington, Hanoi and the NLF represented. To accomplish this, President Johnson called a complete cessation of bombing over North Vietnam beginning at 8 a.m. EST Friday.

In a deeply emotional speech, Thieu made it clear the Saigon government would send a negotiating team to Paris only when it was assured of direct, serious talks with Hanoi.

"I will never accept to lead the country into a venture that would turn me into a traitor," he said, adding that to accept the NLF as a separate entity in Paris would establish a precedent for the possible formation of a coalition government in South Vietnam.

Hanoi Issues Statement

As Thieu made his speech, a broadcast from Radio Hanoi asserted the United States was forced to call a bombing halt "because it was facing great defeats in Vietnam and increasing pressure and condemnation from the peoples throughout the world."

It added that because North Vietnam had agreed to sit with South Vietnam in Paris this "does not mean that the Democratic Republic of Vietnam recognizes the puppet South Vietnamese government."

Despite such obvious signs of discord, Secretary of State Dean Rusk said Friday the United States will seek at the Paris talks an agreement with Hanoi on withdrawal of all foreign forces from South Vietnam.

"One compromise would be for them (the North Vietnamese) to take their troops home, and for the United States and its allies to withdraw their troops, as they have already declared they would do if the North Vietnamese would withdraw," said Rusk. "It is utterly simple and a very quick road to peace."

The Texas White House and the State Department declined comment on Thieu's refusal to send representatives to the peace talks. Other officials speculated that Saigon eventually will come around and send a negotiating team.

In listing his fears and objections to four-way talks, Thieu said: "Hanoi has yet to show any act of de-escalation in the war. But Hanoi is always stubborn and insists on having talks with the United States in its attept to separate the war in the North from the war in the South, to pose as victims of the U.S. bombing to camouflage their flagrant aggressive acts in the South."

North Vietnam, which had agreed to the four-way Paris talks Friday, said the war would continue "as long as the United States still invades all Vietnam," meaning both North and South Vietnam.

But the Radio Hanoi broadcast added: "Now that the United States has halted the bombing the government of the Democratic Republic if Vietnam will discuss with the United States other problems of interest to both sides to seek a political settlement of the Vietnam problem."

Final Air Raids

As U.S. fighter-bombers flew their last raids over North Vietnam before the deadline Friday, the U.S. Command announced a Marine F4 Phantom jet was downed by enemy groundfire seven miles north of Gio Linh. It was the 915th American plane reported lost over the North.

The two-man crew was rescued by the Australian destroyer Perth after parachuting into the South China Sea.

In the final day of strikes over the North, gu.s. pilots logged 114 missions. This to 94,195 the total number of bombing raids flown by American planes since Jan. 31, 1966.

Before that date strikes were reported in sorties, or one flight by one plane as opposed to a mission by two to four planes. Thre were 26,500 sorties flown during the first year of the bombing campaign over the North, that began Feb. 7, 1965.

U.S. headquarters said American combat bases along the demilitarized zone had received no enemy artillery fire either from inside the DMZ or North Vietnam since the bombing was halted.

Laos Raids Started

Today America's air effort shifted to Laos, where Air Force jets raided enemy columns moving down the Ho Chi Minh Trail into South Vietnam.

"I would say it's just sort of reshuffling the cards a bit," said one source.

Air Force bombers have been attacking North Vietnamese troop and supply columns moving through Laos since 1964. Now the Air Force will have available about 300 additional warplanes.

The U.S. 7th Fleet was ordered to move south of the DMZ and it was presumed that the 200 warplane flying off the fleet's three carriers would be used to support ground troops in the South. The carriers Intrepid, Coral Sea and Constellation steamed south shortly after Navy jets flew their last missions over the North at 6:30 p.m. Friday.

A spokesman for the 7th Fleet in Saigon said. "The bombing halt announced by President Johnson will have no immediate effect on numbers or capabilities of 7th fleet units employed in Southeast Asia.

Lawrence Bonham, Wife, Son Victims Of Licking Wreck

Heavy County Vote Due; May Near Record Of 1960

Columbiana County's total vote in the general election Tuesday will range between 46,000 and 48,000, putting it close to the all-time record turnout of 48,830 shown in 1960 when John F. Kennedy defeated Richard Nixon for the presidency.

Miss Rebecca Resnick, director of elections for the County Election Board, made the prediction today, pointing to the sharply heightened interest in the balloting in recent weeks—particularly the three-way presidential race and some red-hot campaigns for state and district offices.

—:—

THE COUNTY'S second best voter turnout to date was in 1952, when it cast 46,090 ballots in the contest between Dwight Eisenhower and Adlai Steven son. It exceeded a record that had stood since 1940, when Franklin D. Roosevelt and Wendell Willkie fought a pitched battle for the White House.

The county showed 38,972 votes in 1944, 34,312 in 1948, 43,727 in 1956 and 45,067 in 1964.

The county will have a voice in naming national, state, district and county officers and in deciding 35 special questions and issues, including two proposed amendments to the Ohio Constitution.

As Campaign Nears End

Nixon Ties Space, Peace; Viet Issue Boosts HHH

By The Associated Press

Republican Richard M. Nixon says the space program would be a stepping stone in his administration toward "the military superiority needed to negotiate a lasting peace in this generation."

Democrat Hubert H. Humphrey—bouyed by the Vietnam bombing halt and a poll indicating he is closing Nixon's lead—says, meanwhile, leading anti-war Democrats "are coming home" and his party is united.

And third party candidate George C. Wallace got a thunderous welcome in Chicago Friday night as the presidential campaign moved into the final weekend before Tuesday's election.

Nixon accused President Johnson today of mismanaging the space program. He said in remarks prepared for an Austin, Tex., appearance that if he is elected the program will be not a luxury but part of an effort to build superiority from which to negotiate a lasting peace.

The Republican hit hard Friday at what he called Humphrey's "piteous outcry over my references to serious shortcomings in our national defense." Nixon said his assessment that the United States is losing leads over the Soviet Union was an understatement, not an overstatement.

"It describes," he said, "vastly significant change in America's defense policy under the Humphrey crowd—a deliberate switch from trying to keep America first to keeping America no better than even—a defense policy for America of second gear and stand pat while the Soviets go full tilt ahead for superiority."

Humphrey spoke of Democratic unity—and the return of dissident Democrats—in Chicago Stadium after a three-mile parade that drew an estimated 200,000 people.

Heavy County Vote Due; May Near Record Of 1960

Columbiana County's total vote in the general election Tuesday will range between 46,000 and 48,000, putting it close to the all-time record turnout of 48,830 shown in 1960 when John F. Kennedy defeated Richard Nixon for the presidency.

Miss Rebecca Resnick, director of elections for the County Election Board, made the prediction today, pointing to the sharply heightened interest in the balloting in recent weeks—particularly the three-way presidential race and some red-hot campaigns for state and district offices.

—:—

THE COUNTY'S second best voter turnout to date was in 1952, when it cast 46,090 ballots in the contest between Dwight Eisenhower and Adlai Steven son. It exceeded a record that had stood since 1940, when Franklin D. Roosevelt and Wendell Willkie fought a pitched battle for the White House.

The county showed 38,972 votes in 1944, 34,312 in 1948, 43,727 in 1956 and 45,067 in 1964.

The county will have a voice in naming national, state, district and county officers and in deciding 35 special questions and issues, including two proposed amendments to the Ohio Constitution.

The 170 polling places will open at 6:30 a.m. and close at 6:30 p.m.

On the county level, there are seven contests for Courthouse

As Campaign Nears End

Nixon Ties Space, Peace; Viet Issue Boosts HHH

By The Associated Press

Republican Richard M. Nixon says the space program would be a stepping stone in his administration toward "the military superiority needed to negotiate a lasting peace in this generation."

Democrat Hubert H. Humphrey—bouyed by the Vietnam bombing halt and a poll indicating he is closing Nixon's lead—says, meanwhile, leading anti-war Democrats "are coming home" and his party is united.

And third party candidate George C. Wallace got a thunderous welcome in Chicago Friday night as the presidential campaign moved into the final weekend before Tuesday's election.

Nixon accused President Johnson today of mismanaging the space program. He said in remarks prepared for an Austin, Tex., appearance that if he is elected the program will be not a luxury but part of an effort to build superiority from which to negotiate a lasting peace.

The Republican hit hard Friday at what he called Humphrey's "piteous outcry over my references to serious shortcomings in our national defense." Nixon said his assessment that the United States is losing leads over the Soviet Union was an understatement, not an overstatement.

"It describes," he said, "vastly significant change in America's defense policy under the Humphrey crowd—a deliberate switch from trying to keep America first to keeping America no better than even—a defense policy for America of second gear and stand pat while the Soviets go full tilt ahead for superiority."

Humphrey spoke of Democratic unity—and the return of dissident Democrats—in Chicago Stadium after a three-mile parade that drew an estimated 200,000 people.

Old Guard Reds To Push Prague Rally

PRAGUE (AP) — Old Guard Communists in this Soviet-occupied country want to hold their annual Czechoslovak-Soviet Friendship Rally next Thursday. If one is held, it threatens to be an unfriendly affair.

Czechoslovak party headquarters and newspapers in Prague have received hundreds of letters and resolutions from factories and labor unions demanding that the Old Guards be curbed and their friendship rally banned.

The Old Guards include a mixture of Stalinists, supporters of ousted President Antonin Novotny and party functionaries threatened with early retirement by the reforms of Communist party chief Alexander Dubcek. They started holding gatherings with Soviet occupation officers nearly a month ago and are pressing for the Soviet-Czechoslovak Friendship Rally the 51st anniversary of the Bolshevik Revolution.

Probation Ends, Youth Sentenced

LISBON — Judge Raymond S. Buzzard of Common Pleas Court Friday terminated probation granted nearly two years ago to James Spurlock, 20, formerly of 1010 Pan Ave., Chester, and sentenced him to 1 to 20 years in the Ohio State Reformatory.

The youth pleaded guilty Sept. 26, 1966, to a charge of stealing a car May 28, 1966, from Zimmerman Auto Sales in Salem.

Three months after being placed on probation, Spurlock was found in violation on several conditions and was sentenced to three months in the County Jail, but the court did not terminate probation at that time.

HHH Given Big Welcome In Chicago

CHICAGO (AP) — Mayor Richard J. Daley and his political organization turned out a campaign spectacular Friday night for Vice President Hubert H. Humphrey.

A crowd estimated at 200,000 lined the sidewalks of West Madison Street as Humphrey drove to the Chicago Stadium in a limousine designed for Pope Paul VI when he visited the United States.

At the stadium, where admission was by ticket only, about 15,000 persons heard Humphrey criticize his Republican opponent, Richard M. Nixon, and proclaim a new unity for the Democratic party.

The crowd shouted "We want Humphrey!" and drowned out the small number of hecklers who were in the balcony.

As the rally, which was televised statewide in Illinois, came to an end, the band played "The Minnesota Rouser" and thousands of balloons were loosed from their cages in the rafters to float down on the yelling Democrats.

Chester Boy, 13, Struck In Back By Stray Bullet

A 13-year-old Chester area boy was struck in the back by a stray bullet Friday about 4 p.m. while playing in his yard.

James Robert Call, son of Mr. and Mrs. Corben Call Jr. of the Washington School Rd., was treated and released at City Hospital for a superficial laceration of the back.

The boy's father said his son was playing football in the backyard when he raised up and the 22-caliber bullet hit him between the shoulder blades near the spine.

"My son thought he had been hit by a rock at first," Call said.

The Corbens live in an area surrounded by woods where people hunt and often hold target practice.

The Hancock County sheriff's office is continuing its investigation.

A city woman was injured when a tractor - trailer truck struck the car in which she was a passenger Friday afternoon on Route 30 in Greene Township.

Mrs. Elva Cunningham of Vodrey Ln. was treated at City Hospital for a possible back injury.

Pennsylvania state police at Chippewa said she was a passenger in a 1962 sedan operated by her husband, Coleman Cunningham, 59, which had stopped for road work.

The tractor - trailer truck, driven by Howard Walter Thompson, 29, of Lisbon RD 3, backed into the auto, police said. There was about $200 damage to the sedan, they added.

Kapp To Pick Successor

Jackman Vodrey Resigns Assistant Solicitor's Post

Solicitor J. Michael Kapp today announced the resignation of Jackman S. Vodrey as his assistant, effective Monday.

Vodrey asked to be relieved of the office, which he has held since Jan. 1, because of the press of other business, including his affiliation with radio station WHBC at Canton and his new duties as vice president of the Community Improvement Corp.

Kapp said he will announce his choice of a new solicitor at Monday night's Council meeting, submitting it for Council's approval. The post pays $3,150 annually.

"This combination of other interests, plus my desire to keep some of my non - business hours free to devote time to my wife and three children, has led me to request that Mike relieve me of my duties. . ." Vodrey said.

"I have thoroughly enjoyed the experience and am truly appreciative of all the other city personnel who have been so helpful. Mike certainly has been an ideal associate and his devotion to his job has set an outstanding example for me."

Kapp announced Vodrey's resignation "with sincere regret" and praised the attorney for "performing his duties as assistant city solicitor with great imagination."

Vodrey was appointed to the post when Kapp began his term at the outset of 1968.

Kapp said the new assistant will serve as prosecutor of criminal cases in Municipal Court, a job Kapp has filled in the past. The solicitor will devote his time to other duties of the office.

The change will restore the system that was followed when Joseph W. Cooper was solicitor and Richard J. Clark was his assistant, Kapp pointed out.

Walker Addresses Lions Club

Problems Are Discussed In Ambulance Operations

Financial problems of the Lynn Ambulance Service were discussed by James Walker, owner and operator, during Friday's luncheon meeting of the Lions Club at the Travelers Hotel.

Walker told the group that some $12,000 to $15,000 that is "on the books" is creating the problem and said Council will be asked to double the subsidy now being received from the city.

Walker said the service now receives $600 monthly from the city, but declared this amount does not cover the "gratis" runs that are being handled.

The service was launched here July 16, 1967, when funeral directors discontinued ambulance facilities.

Walker pointed out that at the beginning two men were on duty 24 hours a day. Four now are on duty — two in East Liverpool and two in Chester.

Service now also is provided to Lisbon and Elkrun Township, he said.

The area service in addition to East Liverpool and Chester includes Glenmoor, Calcutta, Madison and St. Clair Townships and Newell.

The headquarters here is in the former street department building on Lisbon hill.

Phone service is provided 24 hours per day and five radios are in use, Walker said.

Walker said the most difficult runs for which to collect are those involving accidents outside the city where patients are taken to other hospitals.

He cited the delay in payments under Medicare, the workmen's compensation program and insurance settlements that at times carry over for months.

For example, he continued, one of the first cases handled after the beginning of operations in 1967 was just settled the past week.

It was announced that about 19 cases of light bulbs are still to be sold and that Tuesday night of next week members would wind up the sale.

It was announced that the club's light bulb sale will wind up next Tuesday night, with 19 cases still on hand.

David Thorne of the Patterson Division of Banner Industries was enrolled as a member.

Issue No. 1 Would Provide Funds For Kent And Museum

East Liverpool will have a lot riding on one of two statewide issues that will face Ohio voters at the general election Tuesday.

Styled Issue No. 1, it would provide for a $759 million bond issue for capital improvements throughout the state.

East Liverpool specifically has been promised it would mean some $800,000 for further development of the Kent State Academic Center here and $100,000 for establishment of a pottery museum in the city.

The issue would provide $500 million for highways and research for highways and highway transportation. It also would provide $259 million for water pollution control, for higher education and technical and vocational education, for parks and recreation, for airports and other capital improvements.

The highway issue is different from others that preceded it in that it would be a revolving fund with a 30-year limitation. No more than $100 million in bonds could be issued in any one year and not more than $500 million could be outstanding at any one time. New bonds would be issued within the limits of the obligations retired.

Plans call for establishment of a so-called Ohio Pottery Museum in East Liverpool because it was the birthplace of the ceramic industry in the state.

The Post Office on Broadway has been mentioned as a possible site. It is due to be vacated shortly when a new postal facility is occupied on Dresden Ave.

Issue No. 2 is the so-called "homestead exemption amendment." As originally proposed, it would have allowed the General Assembly to grant homestead real estate tax exemptions to persons 65 or older.

But by the time the issue got onto the ballot, the wording has been changed by the legislators. As proposed now, it would allow the General Assembly to "also provide by law for a homestead exemption for all residents of Ohio who own and reside in the homestead. . ."

East Liverpool specifically has been promised it would mean some $800,000 for further development of the Kent State Academic Center here and $100,000 for establishment of a pottery museum in the city.

The issue would provide $500 million for highways and research for highways and highway transportation. It also would provide $259 million for water pollution control, for higher education and technical and vocational education, for parks and recreation, for airports and other capital improvements.

The highway issue is different from others that preceded it in that it would be a revolving fund with a 30-year limitation. No more than $100 million in bonds could be issued in any one year and not more than $500 million could be outstanding at any one time. New bonds would be issued within the limits of the obligations retired.

Plans call for establishment of a so-called Ohio Pottery Museum in East Liverpool because it was the birthplace of the ceramic industry in the state.

The Post Office on Broadway has been mentioned as a possible site. It is due to be vacated shortly when a new postal facility is occupied on Dresden Ave.

Issue No. 2 is the so-called "homestead exemption amendment." As originally proposed, it would have allowed the General Assembly to grant homestead real estate tax exemptions to persons 65 or older.

But by the time the issue got onto the ballot, the wording has been changed by the legislators. As proposed now, it would allow the General Assembly to "also provide by law for a homestead exemption for all residents of Ohio who own and reside in the homestead. . ."

Man Gets Tax Refund Following Jail Term

GREENSBORO, N.C. (AP) — Commie T. McAdams of Carrboro, convicted on charges of failing to file an income tax return for 1965, completed a jail sentence this week and received $400 from the Internal Revenue Service.

U.S. District Atty. William H. Murdoch said IRS agents filled out tax returns for McAdams for 1965, 1966 and 1967 and found that he was eligible for the refund.

Recreation Levy Needed

Facilities and programs for leisure time are becoming concerns in communities across the nation as the young, the middle-aged and the elderly seek new outlets for their energies, new facets of life to explore.

Recreation has become a vital part of every one's existence, and the modern community which does not have adequate means of meeting this need is short-changing itself and coming generations.

Salem, East Palestine and many other communities are operating effective park and community recreation programs which many in East Liverpool have admired, not just for the enjoyment offered, but for the benefits to those who participate and the civic spirit which is engendered.

East Liverpool voters on Tuesday will consider a proposed new half - mill levy to provide operating funds and a paid director for a city-wide recreation program, utilizing parks, playgrounds, ball fields, schools, the Memorial Auditorium, neighborhood centers and other facilities which are only partly used to advantage at the present.

With this levy and with the cooperation of the varied agencies and neighborhood groups involved, an active, year-long recreation plan could be developed with far-reaching results in every part of the community, at every age level.

We urge the passage of this issue; it can provide another real measure of progress of which all could be proud.

Wetzel And Longsworth

Columbiana County voters looking toward the legislative halls at Columbus as they prepare to cast ballots for representation must weigh more than personalities and persuasion.

Incumbent State Sen. John Longsworth of Salem, Republican, and veteran Jefferson County Representative Douglas Applegate of Steubenville, Democrat, are battling it out for the 30th Senatorial District seat.

State Rep. Clarence Wetzel of Lisbon, Republican, is seeking his tenth term against energetic and youthful Roy Allen, of Columbiana, Democrat.

Longsworth, Applegate and Wetzel are no strangers to the problems of the state and their own constituencies or to the complexities of attempting to solve them with workable legislation.

Of utmost importance is the need to continue implementing the continuing successful programs of the administration of Gov. James Rhodes, and to have support in the Senate and in the House for these programs.

Consequently, we endorse Rep. Wetzel and Sen. Longsworth for re-election.

Questions Surround Bombing Pause

Peace in Vietnam is the hope of every American. It has been for some years now—staying alive through bombing halts, battle lulls, confident predictions of a military victory and sporadic peace rumors.

Against this backdrop of unfulfilled expectation comes President Johnson's order for a cessation of all bombardment of North Vietnam.

While clinging fast to the hope the President's action will set off a chain reaction leading to peace, we view the move with some trepidation.

Our apprehension is based on past experience of American maneuvering in Vietnam and the vagueness and hedging so obvious in Mr. Johnson's statement announcing the new course.

THE PRESIDENT said basically he believes the action can lead to progress toward settlement of the Vietnam War.

But there was no mention of reciprocal action to show good faith on the part of the North Vietnamese.

Mr. Johnson said there is no "contract" between the United States and North Vietnam that insures real progress toward settlement.

The President went out of his way to caution Americans against expecting too much too soon. He warned that he might have been misled and sternly pledged a resumption of bombing if North Vietnam continues military activity in the demilitarized zone or moves against population centers in the South.

It is entirely possible the President knows something the rest of us do not. Perhaps this is why he feels present circumstances meet this Aug. 19 condition that the other side give him "good reasons to believe" it is serious about moving toward a settlement in exchange for a bombing halt.

Frankly, so little has been revealed about secret diplomatic negotiating and President Johnson's statement left so many questions unanswered it is difficult to fit all the pieces together and get a clear picture.

Political implications are fuzzy, too, although if the bombing halt turns into a springboard for full-scale peace talks, it would appear the Communists feel they can get a better deal from the Democrats than the Republicans.

No one can know for sure the full political impact of the President's move, but coming as it does five days before the election, it is bound to contain elements of mistrust on the part of a large segment of the American people.

We doubt that it will have any measurable effect on Tuesday's vote because nothing concrete really has been solved. While the tension may have been eased and the Communists may have agreed, at last, to negotiate, the war still goes on.

Nothing that has happened should be mistaken for peace — only a hazy hope that the road to peace may have been opened.

ON THE POSITIVE SIDE of the issue, the pulling back of several thousand North Vietnamese troops and the promised admittance of Saigon and National Liberation Front representatives to the Paris talks are favorable signs.

As President Johnson's speech was being aired last night, Saigon was shelled and 22 people killed. We were reminded of the bitter fighting that continued long after negotiations started during the Korean War.

We are being asked to trust President Johnson to read properly the intentions of Hanoi and trust his ability to avoid past mistakes. We also are being asked not to expect too much and be prepared for an escalation if that becomes necessary.

At the moment, there is no alternative but to wait and see, and hope.

Letters To The Editor

Stand Explained

Through no desire of mine I became a person of debate, both pro and con, when a picture of my wife and me was published in the Monday paper.

We were engaged in a peaceful demonstration at the Westgate Junior High School. There have been those who have voiced their opinion on this action, not only to me personally, but through other means. Some have been critical, while others have given plaudit. This means very little to me, because I've tried to serve in my calling as a minister of the Gospel of Jesus Christ, without fear of what man says, or without being fooled by flattery.

I want to make this one point crystal clear. I was at the Westgate School as a concerned father. I was not there in the name of the Church of the Nazarene. Perhaps some of my people agree with what I did. Undoubtedly there are some who didn't. Be that as it may. Again, I wasn't representing my church. I was there because I wanted to be there.

As a father, let me say this. I have nothing against my children being taught about sex. As I've repeatedly stated (I have been misquoted on several issues), our children need a sex education program, and I wish to commend the school board and the administration on their foresight in this vital aspect of guidance.

However, I fail to see where anything worthwhile can be accomplished by teaching this to boys and girls in integrated classes on the seventh grade level. There are problems that are peculiar to girls as well as to boys.

What is to be accomplished by discussing feminine hygenic problems that confront girls at this stage of life in the presence of boys? And then too, what possible benefits can be derived by showing a film-strip on the male genitals to 12-year-old girls? Of course, the cry is that they are doing this in order to do away with the embarrassment. Certainly this can be accomplished, if they work at it.

But if we don't have some restraint, what's going to happen? Surely we aren't "mod" enough and psuedo-sophisticated yet that we want to drop all the bars of respectability? This drives the wedge in that eventually opens the door for free-love and the immorality that is engulfing our country.

The East Liverpool area has a very rich spiritual heritage, dating back to the days of Billy Sunday, the saw-dust trail evangelist. What's happening? Are we going to be caught up in this movement that has fastened itself to the world with tentacles of slime, the movement of sex-worship, giving vent to our feelings, dropping all inhibitions, and bow down to the goddess of flesh? Our actions could very well be the determining factor as where our children will spend eternity. Let's wake up parents, it's later than we think! These are children that God gave us, and intrusted their well-being to our care. When we presented them to God at Dedication Time, what did we promise Him we would do? I would challenge you to review that day!

Sex Education, yes! But let's do it in a way that will be beneficial, and in a way that will not undermine the principles of Christ. The church, at best, only have them about an hour a week.

I am not in any way offering this letter as an apology for demonstrating at Westgate. As a father, after having discussed this matter with the school officials and having no satisfaction, I had no other recourse. Had the demonstrations become even a little bit unruly, I would have left and deplored the situation.

I have no personal animosity toward anyone involved in this, and regardless of the outcome, I'll do my best to help the officials of our school system. I'm just one who is crying out against what I think is wrong. In asking those who disagree with me to be charitable, I understand fully that I too, must be charitable. As one philosopher has said, "Even though I don't agree with what you say, I'll defend your right to say it". It's only as we catch the spirit of this paraphrase, we'll act and re-act as intelligent people striving for the betterment of our community.

VICTOR RIESEL

A Ford Plan For War On Poverty

DETROIT — Here, in the bastion of two great working class empires, the euphoric word spread that soon the Teamsters and the United Auto Workers would be granted $5.2 million so they could rescue the poor.

Victor Riesel

Furthermore, the money was to be granted by the Ford Foundation, now challengingly encased under glass a stone's throw from the United Nations.

With the money, reportedly the first of other millions, Walter Reuther and his comrade in arms, Frank (Fitz) Fitzsimmons, stand-in for the shut-in Jimmy Hoffa, were to train thousands of disadvantaged youth to help save the inner cities.

Thus the word was leaked. The Auto Workers and the Teamsters' new Alliance For Labor Action (ALA) will be the community training force if Mr. Humphrey is elected—and the savior of the people if Dick Nixon is chosen.

The message came through clear and loud in many union headquarters—this is the wave of the future—the Alliance will be the front runner for the government or the fantastically wealthy Ford Foundation.

This wave of the future was Reuther's and Fitzsimmons'—not George Meany's.

The only trouble with the report of the new gold flow was, as old William Saroyan would say, it had no foundation all the way down the line.

IT WAS A PLANT, pure but not very simple. It was intended to draw into the ALA other unions disturbed by central city crises and attracted by the promise of heavy financing.

A funding of $5.2 million would indeed have gotten Reuther's new labor federation off the ground. This column checked the Ford Foundation because it did seem to be entering labor's civil war via the war on poverty.

Foundation President McGeorge Bundy was gentle but firm when I referred to printed reports of the big grant.

"The story is wholly garbled and untrue," said Mr. Bundy, suggesting I also talk with Mitchell Sviridoff, an old CIO hand, now Ford Foundation Vice President for National Affairs.

Then Mr. Sviridoff hammered the nails into the corners.

"The Ford Foundation has given nothing to the Alliance for Labor Action," said Sviridoff. "We have had no discussion with the ALA. We have no intention of giving anything to the ALA. This is a highly inaccurate story. There is no money for the Teamsters. There is no money for the Auto Workers. That's it."

DID MR. SVIRIDOFF have any thoughts on any possible source for such reports? He did not. But he did say that the Ford Foundation had been talking over the years with Jack Conway, once executive assistant to Walter Reuther.

It was Mr. Conway who, as assistant to former OEO Director Sargent Shriver, developed the controversial national antipoverty program's community action guidelines.

It was Mr. Conway who programmed the participation of the poor on a block-by-block basis in Watts and other Harlems of the nation.

"We have had some discussion with Jack Conway on community development," added Sviridoff. "But nothing has been decided. And no such figure ever has been discussed. We have been talking with Jack about the future of the Citizens Crusade Against Poverty and our funding relations to it. What could happen?

"Jack could be heading up a new organization based on the CCAP. Its role is changing."

THE CITIZENS CRUSADE Against Poverty was set up by Walter Reuther in 1964. He funded it with a million dollars from the auto union treasury. Later, the Ford Foundation gave it $375,000 as a starter for the training of poor young men and women, so they could in turn organize in the ghettos.

Then Jack Conway, who, as one of the labor movement's intellectuals-in-residence, devised the technique of coalition bargaining after he left the OEO, became the Citizens Crusade liaison with the Ford Foundation.

Jack Conway also has been working with the Citizens Advocate Center, the Social Development Assn., the Watts Labor Action Committee and community organizations ranging from California to Mississippi.

The methodically spread, but utterly erroneous reports of a Teamster-auto union windfall thus lead to clues to a headline-making story.

Namely: The merging of nongovernmental community agencies for a private war on poverty, funded in part by the Ford Foundation, and directed by the incommunicative Mr. Conway.

It will be fascinating to watch when the action hits the streets.

Thoughts

"In all things I have shown you that by so toiling one must help the weak, remembering the words of the Lord Jesus, how he said, 'It is more blessed to give than to receive'."—Acts. 20:35.

In giving, a man receives more than he gives, and the more is in proportion to the worth of the thing given. — George MacDonald, Scottish novelist.

The reason so many people never get anywhere in life is because, when opportunity knocks, they are out looking for four-leaf clovers.—Walter P. Chrysler.

DAVID LAWRENCE

No Model City

Will churchgoers in America have to be armed in order to defend themselves as they go to and from places of worship?

The Democratic administration, which has been in power for the last eight years, has constantly emphasized that preservation of law and order is the responsibility of state and local governments.

Maintenance of order in the District of Columbia, however, is the function of the federal government. And in the capital of the United States even the churches now are the scene of attacks and vandalism.

A SIGNIFICANT PIECE of news has just been announced in Washington. The Grace Baptist Church, on Capitol Hill not far from the place where Congress meets, is planning to get out of Washington and move to the suburbs.

The executive committee of the 75-year-old church, which has been conducting services in its present building since 1914, has decided, as its pastor describes it, to "look into what might be available elsewhere" for a new church building.

Women members of the church have been attacked twice in the last two weeks in the vicinity of the building, according to police and church officials. One woman, a few days ago, while on her way into the church, was beaten by four youths who took her purse.

A week earlier, the church secretary and three other women were standing near the church when 25 youths attacked them and tried to grab their purses. Their screams brought help from men who were inside the church.

Three times within the last three months, the police admit, the church has been vandalized. Chairs and other equipment have been stolen and windows were broken.

The neighborhood around Grace Baptist Church now is inhabited largely by Negroes. Most of the church members are white and still attend though they have moved to other parts of the city or the suburbs.

Several churches in the District of Columbia also have been victims of similar attacks in recent months. Within the last two or three years, some churches have moved to the suburbs as they, too, have found they cannot depend upon the federal government to protect the churchgoers.

When people are afraid to go to church because of the possibility of being assaulted, a dangerous situation arises in America. It might have been assumed that the federal government would not tolerate this in Washington and would long ago have afforded better protection to all citizens.

While billions of dollars have been spent for sociological projects, relatively small sums have been made available in the last eight years to increase the number of policeman required to preserve order in the District of Columbia.

Churches are not the only places being victimized. Homes in the best residential sections of the city and suburbs are the scene of armed robberies. A few weeks ago a luncheon party of 14 women was suddenly interrupted by two holdup men who robbed everybody.

Last Saturday, the same thing happened at a dinner party in another home just across the district line in Maryland. The host and hostess and five guests were robbed, after being bound and gagged, and the house was ransacked. One of the women guests was raped.

Police believe the same two men may have committed these and 14 other similar robberies in recent weeks.

IT MIGHT BE EXPECTED that the capital of the United States would be a model city — an example to the nation of what the federal government means when it says that "law and order" must prevail.

But aside from appointing a commission to run the district government and allocating to it certain powers, the tendency of federal officials is to regard the District of Columbia as a secondary importance.

The truly sad story about the experience of the Grace Baptist Church is that "law and order" has not been taken seriously by the administration even within a few blocks of the Capitol.

Are we going to be caught up in this movement that has fastened itself to the world with tentacles of slime, the movement of sex-worship, giving vent to our feelings, dropping all inhibitions, and bow down to the goddess of flesh? Our actions could very well be the determining factor as where our children will spend eternity. Let's wake up parents, it's later than we think! These are children that God gave us, and intrusted their well-being to our care. When we presented them to God at Dedication Time, what did we promise Him we would do? I would challenge you to review that day!

Sex Education, yes! But let's do it in a way that will be beneficial, and in a way that will not undermine the principles of Christ. The church, at best, only have them about an hour a week.

I am not in any way offering this letter as an apology for demonstrating at Westgate. As a father, after having discussed this matter with the school officials and having no satisfaction, I had no other recourse. Had the demonstrations become even a little bit unruly, I would have left and deplored the situation.

I have no personal animosity toward anyone involved in this, and regardless of the outcome, I'll do my best to help the officials of our school system. I'm just one who is crying out against what I think is wrong. In asking those who disagree with me to be charitable, I understand fully that I too, must be charitable. As one philosopher has said, "Even though I don't agree with what you say, I'll defend your right to say it". It's only as we catch the spirit of this paraphrase, we'll act and re-act as intelligent people striving for the betterment of our community.

VICTOR RIESEL

A Ford Plan For War On Poverty

DETROIT — Here, in the bastion of two great working class empires, the euphoric word spread that soon the Teamsters and the United Auto Workers would be granted $5.2 million so they could rescue the poor.

Victor Riesel

Furthermore, the money was to be granted by the Ford Foundation, now challengingly encased under glass a stone's throw from the United Nations.

With the money, reportedly the first of other millions, Walter Reuther and his comrade in arms, Frank (Fitz) Fitzsimmons, stand-in for the shut-in Jimmy Hoffa, were to train thousands of disadvantaged youth to help save the inner cities.

Thus the word was leaked. The Auto Workers and the Teamsters' new Alliance For Labor Action (ALA) will be the community training force if Mr. Humphrey is elected—and the savior of the people if Dick Nixon is chosen.

The message came through clear and loud in many union headquarters—this is the wave of the future—the Alliance will be the front runner for the government or the fantastically wealthy Ford Foundation.

This wave of the future was Reuther's and Fitzsimmons'—not George Meany's.

The only trouble with the report of the new gold flow was, as old William Sarovan would say, it had no foundation all the way down the line.

IT WAS A PLANT, pure but not very simple. It was intended to draw into the ALA other unions disturbed by central city crises and attracted by the promise of heavy financing.

A funding of $5.2 million would indeed have gotten Reuther's new labor federation off the ground. This column checked the Ford Foundation because it did seem to be entering labor's civil war via the war on poverty.

Foundation President McGeorge Bundy was gentle but firm when I referred to printed reports of the big grant.

"The story is wholly garbled and untrue," said Mr. Bundy, suggesting I also talk with Mitchell Sviridoff, an old CIO hand, now Ford Foundation Vice President for National Affairs.

Then Mr. Sviridoff hammered the nails into the corners.

"The Ford Foundation has given nothing to the Alliance for Labor Action," said Sviridoff. "We have had no discussion with the ALA. We have no intention of giving anything to the ALA. This is a highly inaccurate story. There is no money for the Teamsters. There is no money for the Auto Workers. That's it."

DID MR. SVIRIDOFF have any thoughts on any possible source for such reports? He did not. But he did say that the Ford Foundation had been talking over the years with Jack Conway, once executive assistant to Walter Reuther.

It was Mr. Conway who, as assistant to former OEO Director Sargent Shriver, developed the controversial national antipoverty program's community action guidelines.

It was Mr. Conway who programmed the participation of the poor on a block-by-block basis in Watts and other Harlems of the nation.

"We have had some discussion with Jack Conway on community development," added Sviridoff. "But nothing has been decided. And no such figure ever has been discussed. We have been talking with Jack about the future of the Citizens Crusade Against Poverty and our funding relations to it. What could happen?

"Jack could be heading up a new organization based on the CCAP. Its role is changing."

THE CITIZENS CRUSADE Against Poverty was set up by Walter Reuther in 1964. He funded it with a million dollars from the auto union treasury. Later, the Ford Foundation gave it $375,000 as a starter for the training of poor young men and women, so they could in turn organize in the ghettos.

Then Jack Conway, who, as one of the labor movement's intellectuals-in-residence, devised the technique of coalition bargaining after he left the OEO, became the Citizens Crusade liaison with the Ford Foundation.

Jack Conway also has been working with the Citizens Advocate Center, the Social Development Assn., the Watts Labor Action Committee and community organizations ranging from California to Mississippi.

The methodically spread, but utterly erroneous reports of a Teamster-auto union windfall thus lead to clues to a headline-making story.

Namely: The merging of nongovernmental community agencies for a private war on poverty, funded in part by the Ford Foundation, and directed by the incommunicative Mr. Conway.

It will be fascinating to watch when the action hits the streets.

DAVID LAWRENCE

No Model City

Will churchgoers in America have to be armed in order to defend themselves as they go to and from places of worship?

The Democratic administration, which has been in power for the last eight years, has constantly emphasized that preservation of law and order is the responsibility of state and local governments.

Maintenance of order in the District of Columbia, however, is the function of the federal government. And in the capital of the United States even the churches now are the scene of attacks and vandalism.

A SIGNIFICANT PIECE of news has just been announced in Washington. The Grace Baptist Church, on Capitol Hill not far from the place where Congress meets, is planning to get out of Washington and move to the suburbs.

The executive committee of the 75-year-old church, which has been conducting services in its present building since 1914, has decided, as its pastor describes it, to "look into what might be available elsewhere" for a new church building.

Women members of the church have been attacked twice in the last two weeks in the vicinity of the building, according to police and church officials. One woman, a few days ago, while on her way into the church, was beaten by four youths who took her purse.

A week earlier, the church secretary and three other women were standing near the church when 25 youths attacked them and tried to grab their purses. Their screams brought help from men who were inside the church.

Three times within the last three months, the police admit, the church has been vandalized. Chairs and other equipment have been stolen and windows were broken.

The neighborhood around Grace Baptist Church now is inhabited largely by Negroes. Most of the church members are white and still attend though they have moved to other parts of the city or the suburbs.

Several churches in the District of Columbia also have been victims of similar attacks in recent months. Within the last two or three years, some churches have moved to the suburbs as they, too, have found they cannot depend upon the federal government to protect the churchgoers.

When people are afraid to go to church because of the possibility of being assaulted, a dangerous situation arises in America. It might have been assumed that the federal government would not tolerate this in Washington and would long ago have afforded better protection to all citizens.

While billions of dollars have been spent for sociological projects, relatively small sums have been made available in the last eight years to increase the number of policeman required to preserve order in the District of Columbia.

Churches are not the only places being victimized. Homes in the best residential sections of the city and suburbs are the scene of armed robberies. A few weeks ago a luncheon party of 14 women was suddenly interrupted by two holdup men who robbed everybody.

Last Saturday, the same thing happened at a dinner party in another home just across the district line in Maryland. The host and hostess and five guests were robbed, after being bound and gagged, and the house was ransacked. One of the women guests was raped.

Police believe the same two men may have committed these and 14 other similar robberies in recent weeks.

IT MIGHT BE EXPECTED that the capital of the United States would be a model city — an example to the nation of what the federal government means when it says that "law and order" must prevail.

But aside from appointing a commission to run the district government and allocating to it certain powers, the tendency of federal officials is to regard the District of Columbia as a secondary importance.

The truly sad story about the experience of the Grace Baptist Church is that "law and order" has not been taken seriously by the administration even within a few blocks of the Capitol.

Through The Years

THIRTY YEARS AGO — The Tri-State Casting Club was the subject of a talk by Don Burbick at a dinner meeting of the Kiwanis Club.

Donald Wollam was elected master and Harold Thompson, overseer, of the Calcutta Grange.

Harold Campbell, faculty manager of athletics at East Liverpool High School, announced 8,000 attended the East Liverpool, Martins Ferry game here, with the visitors winning, 12-0.

TWENTY YEARS AGO — Robert W. Lewis, newly - appointed Wellsville fireman, began his duties, replacing Orville Jarvis.

Miss Mary J. Fraser and Frederick Pollock, both of East Liverpool, attained the dean's list at Ohio Wesleyan University at Delaware.

Mrs. Allan T. Willis of Oakmont St. was appointed music teacher at the Lincoln and Grant St. Schools.

TEN YEARS AGO — The first 10 months of 1958 had a total of 40.63 inches of rainfall—8.66 above the normal 31.97 inches.

Robert Zidian was hired as a Latin teacher at Westgate Junior High School, and Mrs. Jane Sheerer was appointed elementary teacher by the Board of Education.

Special Issues To Face Voters

Every voter in Columbiana County will have a voice at the general election Tuesday on a proposed renewal of a two tenths mill levy that would provide approximately $52,000 a year to help operate and maintain the county's school for the mentally retarded and workshop.

County commissioners placed the issue on the ballot. If approved, it would be in effect 10 years, starting in the 1970 tax year. County voters approved the levy in May 1962 and renewed it for five years in 1965. The tax amounts to two cents on each $100 of valuation for tax purposes.

—:—

EAST LIVERPOOL will decide on only one local issue. It's a proposed half - mill levy that would yield approximately $20,000 to $22,000 a year to operate a year - round recreation program for persons in all age brackets.

In addition to providing operating funds, the levy would provide money to hire a full-time recreation director at $6,000 to $8,000 annually. Supporters of the issue pointed out the city has obtained title to several former elementary school buildings which will be used as neighborhood centers and recreation sites.

In addition, the levy would allow expansion of a program based on public parks, playgrounds and ball fields. The levy would be in effect five years.

Wellsville will decide the fate of two issues — a new 2-mill levy to provide funds to purchase a fire truck and a new half-mill proposition for park operations.

Salineville will act on two new 2-mill levies. One would provide funds for Woodland Cemetery operations and maintenance and the other would bring in money for street maintenance, repair and construction. Salineville also will vote on a new half - mill park levy.

Columbiana village will decide on a $500,000 bond issue to build a new pumping station and make other improvements in the sewage disposal system.

—:—

LISBON will act on a proposed renewal of a 3-mill levy. Leetonia village will conside a new 2-mill levy. Both are to provide operating funds. Summitville faces a vote on renewal of a half-mill fire levy.

Eleven townships will vote on 12 proposed tax levies.

Nearby St. Clair Township has two local issues at stake—a new 2-mill levy for road maintenance and repair and a new eight - tenths mill levy to provide money for fire protection. Both would be in effect five years and both would require a majority vote for approval.

Adjoining Liverpool Township is slated to vote on a renewal of 1 mill and an increase of three - tenths of a mill, constituting a tax of 1.3 mills, to provide money for fire protection. In effect five years, it also required only a majority vote.

The most closely - watched issue at Salem will be a question on repeal of half of the city income tax, now levied at a one per cent rate.

Salem City Council enacted legislation on May 8 to boost the rate from one half of one per cent to a full one per cent. A dissenting group then circulated petitions to get a ballot place for an initiative ordinance which, if approved, would cut the tax back to its former rate.

Voters in West Township will act on a "wet or dry" issue, marking the five-question local option ballot.

The ballot covers: 1. Sale of liquor: 2. sale of wine for consumption off the premises; 3. sale of wine for consumption on or off the premises; 4. sale of liquor by the glass, and 5. sale of liquor by the package for consumption off the premises.

Here are the other township levies awaiting a decision Tuesday:

Elkrun, 1 mill, fire protection; Franklin, 2 mills, roads; Knox, six - tenths mill, fire protection; Middleton, nine - tenths mill, police salaries; Perry, 1.5 mill, police protection; Unity, 1 mill, fire protection, Washington, 2 mills, roads, and Wayne, 1 mill, fire protection.

offices — two commissioners' seats, treasurer, recorder, engineer, clerk of courts and sheriff. Candidates for a Common Pleas Court judgeship, prosecuting attorney and coroner are unopposed.

The candidates were nominated in the party primaries in May. Six of the incumbents are Democrats and four are Republicans.

—:—

AS USUAL, the commissioners' race is expected to grab top voter interest. Each party has an incumbent in the field.

The GOP candidates are Charles J. Gause, a resident of the Guilford Lake area and a farm implement dealer, who is seeking a second term, and Galen Greenisen of Depot Rd., near Salem, a farmer and former three - term commissioner.

They are running against R. Max Gard of near Lisbon, an antique dealer and historian, who is bidding for a third term, and Lew Sowards of Lisbon RD 2, a farmer and steelworker who sought the same post in 1964 and 1966.

Gause and Greenisen won the Republican nominations in a five-way race in May. Democrats nominated Sowards and Gard in a four-man contest.

The heldover commissioner is James Boyd of St. Clair Ave. Ext., a Republican.

Sheriff Russell J. VanFossan of East Palestine is bidding for a fourth term on the Republican ticket, opposed by Forrest Young of Salineville RD 2, a Democrat, a constable in Franklin and Wayne Townships and Summitville village marshal.

—:—

IN THE county treasurer's race, a veteran Democratic incumbent is opposed by a comparative newcomer.

Treasurer Vincent C. Judge of 261 W. Lincoln Way, Lisbon, is bidding for his seventh term on the Democratic slate. His opponent is Mrs. Virginia M. Shipley of Stewart Rd., Salem, a technician at Salem City Hospital.

A woman also is the Republican candidate for recorder. She is Mrs. Velma Cope of E. Lincoln Way, Lisbon, a reporter for the Lisbon Journal and secretary of the County Fair Board. She is running against John P. Wargo of E. Chestnut St., Lisbon, the Democratic incumbent bidding for a second term.

Bert A. (Hush) Dawson Jr. of N. Shady Ln. Dr., an engineer at the H. K. Porter Co., is the Republican candidate for county engineer. He seeks the post held by John Ursu of Jennings Ave., Salem, Democrat, who is asking a second term.

Clerk of Courts Carl L. Stacey of Fairfield Ave., Columbiana, a Democrat, is bidding for his third full term, opposed by Robert J. Dutcher of Salem RD 3, the Republican nominee and a machine shop foreman at the E. W. Bliss Co. in Salem.

Dr. William A. Kolozsi of Salem, Democrat, is assured of return to the coroner's post he has held since 1959, as Republicans entered no candidate. Prosecutor J. Warren Bettis of Salem, Republican, is unopposed for his second term.

—:—

COMMON PLEAS Judge Raymond S. Buzzard of 2759 St. Clair Ave. is slated to be returned to his third six - year term without opposition. Although he was nominated in the Republican primaries, his name will appear on the nonpartisan judicial ballot in the general election.

County Judge James L. MacDonald also is without opposition in his bid for a new term. He is due for a new term on the bench of the County Southwest Area Court at Lisbon. A former county prosecutor, he has held the court post since Jan. 1, 1959. The terms of the two other county judges run until Dec. 31, 1970. Judge MacDonald met the August filing deadline for nonpartisan candidates.

ity and $95,742 from the county.

A $41,500 credit was provided on the matching fund basis as a result of contribution of the tract for the facility by Turk.

Roland Getz of Mansfield is the general contractor for the project on a bid of $355,018 which was accepted in April. Plans call for grading and construction of a 3,500-foot-long paved runway, 75 feet wide with lighting and previsions for addition of another 500-foot section.

—:—

THE CIC obtained some of the properties adjacent to the site and turned them over to the Authority to provide additional needed space. The Junior Chamber of Commerce plans to erect a building to serve the facility.

The Authority was established in 1966 when plans were initially launched to obtain a new airport to provide access to the southern and central parts of the county for economic development.

Fence Damaged When Car Drifts

A fence was damaged when an auto drifted from an East End parking place Friday, police reported.

The 1958 sedan owned by Berna Jenkins of 770 Dresden Ave. coasted from a parking spot on Alpha St. and caused minor damage to a picket fence owned by Hilton Linville of 1700 Alpha St., officers said. The car was undamaged.

Two cars were damaged in a mishap Friday at Walnut and E. 6th Sts. It involved a 1965 four - door sedan driven by John P. Bryan, 16, of 342 W. 5th St. and a 1963 two-door operated by William Fordyce Jr., 30, of Georgetown RD 1.

Bryan told police he was turning from E. 6th onto Walnut with the traffic light in his favor when Fordyce crashed the signal and hit his car on the right front. Fordyce was cited for crashing the signal, officers said.

Schools In Hancock To Be Open Monday

All schools in the Hancock County system will be open on a regular basis Monday, according to Dr. Vernon Wyland, superintendent.

Dr. Wyland reported he has instructed all principals to inform teachers to resume regular teaching schedules.

Students failing to report to school on Monday will be considered absent, he said.

Dr. Wyland said there will will be no bus or food services supplied due to the continuing "boycott" by some service personnel.

It takes no less than 2,630 tons of raw material to produce one pound of radium.

Pony Shies, Boy Injured

A Glenmoor boy was treated at City Hospital for injuries received when the pony he was riding darted into the side of an auto at 11 a.m. Friday on the Y.&O. Rd.

Mickey Lee Butcher, son of Mr. and Mrs. John Watson of the Y&O Rd., Glenmoor, had just left a neighborhood store and started home when the pony shied into the side of the northbound 1960 sedan operated by Fred Hopper of Glenmoor.

Butcher was treated for contusions of the right ankle and released.

At 5:40 p. m., while driving on Dresden Ave. Ext., Keith E. McKinney, 37, of Wellsville RD 1 noticed a car backing out of a parking lot and swerved his 1965 coach off the east side of the road to avoid a collision. Mary G. Hart of Girard, driving a 1966 coach, stopped backing, pulled ahead and struck the McKinney auto.

She was cited for failure to yield the right -of - way. McKinney was cited for operating a vehicle with the license of the former owner.

Meanwhile, a deer crossing the East Liverpool Rd. approximately a half - mile south of Route 7 was struck by a 1960 coach operated by Nora Jean Cross, 22, of 213 W. 2nd St. The accident occurred at 8:15 p.m. Friday.

On Route 518, two miles west of Route 45 at 12:15 this morning, David R. Raffle, 17, of 504 Water St. Salineville, was driving west when his auto slid off the right side of the road as it was rounding a curve and struck a fence and utility pole. Raffle told the patrol he was forced off the road by an oncoming car.

PROMISES MADE

RUNNING FOR RE-ELECTION IN 1966 **MR. WETZEL** IN A PAID AD ON PAGE 10 OF THE TUES., NOV. 1st EDITION OF THE EAST LIVERPOOL REVIEW **PROMISED**

$1,800,000 for Higher Education in Columbiana County
$650,000 for Beaver Creek State Park
$680,000 for Highlandtown Lake
$85,000 for Guilford Lake to Repair Dam & Pave Roads
$3,000 for Zeppernick Lake
$100,000 for County Airport

Ohio Director of Natural Resources further promised Nov. 5, 1966, that over $2,015,000 would be spent in Columbiana County by the end of 1968—including a $91,000 BOAT MARINA at East Liverpool.

During the Primary and this Campaign the Promises Continue — of Employment Services Building in Salem, More Money for Airports, Highways and Parks—but all after the Election.

THESE PROMISES ARE MADE NEARLY EVERY ELECTION AND EVENTUALLY SOME ARE REALIZED, BUT MANY ARE JUST PROMISES THAT ARE FORGOTTEN AFTER THE ELECTION.

THE RECORD

DURING MR. WETZEL'S LONG TENURE IN OFFICE HE HAS HAD MANY OCCASIONS TO VOTE ON ISSUES AFFECTING WORKERS, EDUCATION, SPORTSMEN, CONSERVATION, AND OTHERS. LET'S SEE HOW HE VOTED.

In 28 key roll call votes in the 104th, 105th, and 106th General Assemblies, affecting Workman's and Unemployment Compensation and other issues vital to Ohio's working men and women, Wetzel voted against them 25 times.

In the last session he voted to raise sales and other taxes but voted against an amendment which would have earmarked the entire increase to benefit education.

He voted to double hunting and fishing licenses but voted against earmarking the money for related programs of the division of wildlife.

During consideration of stricter regulations on Ohio's strip mining industry, Wetzel weakened the bill in committee and voted against its passage.

He voted to increase his own salary from $8,000 to $12,750 a year-after the deadline for entering a primary for any public office was past.

In congressional redistricting he sought to split our county into two districts which would have limited Columbiana County's influence in Washington.

PROMISES MADE

RUNNING FOR RE-ELECTION IN 1966 **MR. WETZEL** IN A PAID AD ON PAGE 10 OF THE TUES., NOV. 1st EDITION OF THE EAST LIVERPOOL REVIEW **PROMISED**

$1,800,000 for Higher Education in Columbiana County
$650,000 for Beaver Creek State Park
$680,000 for Highlandtown Lake
$85,000 for Guilford Lake to Repair Dam & Pave Roads
$3,000 for Zeppernick Lake
$100,000 for County Airport

Ohio Director of Natural Resources further promised Nov. 5, 1966, that over $2,015,000 would be spent in Columbiana County by the end of 1968—including a $91,000 BOAT MARINA at East Liverpool.

During the Primary and this Campaign the Promises Continue — of Employment Services Building in Salem, More Money for Airports, Highways and Parks—but all after the Election.

THESE PROMISES ARE MADE NEARLY EVERY ELECTION AND EVENTUALLY SOME ARE REALIZED, BUT MANY ARE JUST PROMISES THAT ARE FORGOTTEN AFTER THE ELECTION.

THE RECORD

DURING MR. WETZEL'S LONG TENURE IN OFFICE HE HAS HAD MANY OCCASIONS TO VOTE ON ISSUES AFFECTING WORKERS, EDUCATION, SPORTSMEN, CONSERVATION, AND OTHERS. LET'S SEE HOW HE VOTED.

In 28 key roll call votes in the 104th, 105th, and 106th General Assemblies, affecting Workman's and Unemployment Compensation and other issues vital to Ohio's working men and women, Wetzel voted against them 25 times.

In the last session he voted to raise sales and other taxes but voted against an amendment which would have earmarked the entire increase to benefit education.

He voted to double hunting and fishing licenses but voted against earmarking the money for related programs of the division of wildlife.

During consideration of stricter regulations on Ohio's strip mining industry, Wetzel weakened the bill in committee and voted against its passage.

He voted to increase his own salary from $8,000 to $12,750 a year-after the deadline for entering a primary for any public office was past.

In congressional redistricting he sought to split our county into two districts which would have limited Columbiana County's influence in Washington.

TODAY'S TALK - -
Today it seems the people of our city are at one anothers throats about sex education. If we had preachers like Billy Sunday, Spurgen, Moody and Barnhouse filling our pulpits we would not have to worry about this subject. They preached the word of God that people were converted and lived for God. That's what we need more than anything else taught today. I know Our God does not compromise one bit. Sin is in. He tells us in II Cor. 11:13-15 that false teaching would come and fool some of the people. Matt. 24:24 tells us that those born again as in John 3:1-8 will not be moved by false teaching. Are you born again? Do you know Jesus Christ as your personal saviour? I know I have made some people mad at my stand. But you will have to admit, I used the Bible. I pray if the School Board continue to use the sex education book that they will at least separate the classes and remove the part that is more for an adult class. I know God honor those who have prayed much about this and would like for you to read 1 Cor. 1:18-31.

MOMENT OF MEDITATION

"GRATITUDE" II

In our article last week we discussed the subject of gratitude. Jesus, on one occasion, healed ten men who were lepers. Out of the ten men who were healed, only one of them thought to return and thank the Lord for what they received. We can see this same ingratitude expressed in our own lives many times. This is true with reference to the blessings that are physical. Our food, homes and very life's breath come from God. All that we have and all that we are comes from God. Yet many of us take these blessings for granted. We feel imposed upon if someone should suggest that we attend a worship service and express our thanksgiving to God.

There is also a spirit of ingratitude with reference to spiritual blessings. Notice the condition of mankind before Jesus came into the world to die for us. We were dead in our trespasses and sins. We were without hope and without God in the world. The blood of bulls and goats could not take away sins. (Heb. 10:4). With the sacrifices that were offered under the Old Testament law, there was a remembrance made again every year of sins. (Heb. 10:3). However, when Christ died for sins there was a sacrifice that could remit sins. Jesus shed his blood for the remission of sins. All who will obey Christ can have salvation. Heb. 5:8, 9. "Though he were a son, yet learned he obedience by the things which he suffered! And being made perfect, he became the author of eternal salvation unto all them that obey him." Christ commandeth that we believe in Him and be baptized so that we could be saved. (Mk. 16: 15, 16). Yet, even though Christ has done so much for us, still when he commands us to believe and be baptized, we have so little gratitude for his sacrifice that we refuse to obey Him. How ungrateful can we be? It would appear that we would be so happy to be able to have the frogiveness of sins, that we would humbly submit to any thing that the Lord would command. Yet many display their gross ingratitude by refusing to submit to the instructions of the Lord.

Yes, every blessing that we receive that is necesary for us to maintain our lives here on the earth, is a result of the great love of God. We owe everything, including our lives to Him. God is the giver of all these gifts Also, the very hope of salvation depends on the love that God has for us. Rom. 5:8. "But God commandeth his love toward us, in that, while we were yet sinners, Christ died for us." How can we claim to appreciate that great sacrifice and yet show our ingratitude by refusal to worship and obey our God? "Be ye thankful."

TODAY'S TALK - -

Today it seems the people of our city are at one anothers throats about sex education. If we had preachers like Billy Sunday, Spurgen, Moody and Barnhouse filling our pulpits we would not have to worry about this subject. They preached the word of God that people were converted and lived for God. That's what we need more than anything else taught today. I know Our God does not compromise one bit. Sin is in. He tells us in II Cor. 11:13-15 that false teaching would come and fool some of the people. Matt. 24:24 tells us that those born again as in John 3:1-8 will not be moved by false teaching. Are you born again? Do you know Jesus Christ as your personal saviour? I know I have made some people mad at my stand. But you will have to admit, I used the Bible. I pray if the School Board continue to use the sex education book that they will at least separate the classes and remove the part that is more for an adult class. I know God honor those who have prayed much about this and would like for you to read 1 Cor. 1:18-31.

Youth Treated For Injuries

Brakeless Car Overturns When Steered Into Bank

An East Liverpool youth was treated at City Hospital for injuries received when the brakes of his auto failed and it overturned as he rammed into a bank to stop its descent on Park Way.

Donald E. Cunningham, 18, of 830 Avondale St. told police he was driving south on Park Way at 7:20 p.m. Friday about 20 miles an hour. As he applied the brakes on his 1960 sedan, they failed, and he cut the wheels toward the bank.

Cunningham was treated for contusions of the left leg and released. A passenger in the auto, Eliza Willey of 2003 Pennsylvania Ave., was examined and released. They climbed out a window of the car.

Firemen were called to flush gasoline from street at the scene.

Two Retire At Crucible

Joseph T. Benek of Industry, with 41 years service, and William E. Cunningham of East Liverpool, with 31 years, have retired at the Midland Division of Crucible.

Benek, a project engineer, transferred to the Engineering Department in 1936 after joining the company in 1927 and working in the Labor and Brick Departments.

In the Engineering Department, he served in other positions, including detailer, draftsman and design engineer prior to his appointment as project engineer in 1959.

He is married and has two daughters, Mrs. Joanna Cook of Beaver and Miss Patricia Benek, a teacher in Etna, Pa., and a son,Thomas Benek of Connecticut.

Cunningham, retired as foreman, electrical maintenance - Melt Shop, and worked nearly all of his 31 years service in the Melt Shop except for a short period as a laborer when he joined Midland Division in 1937. He has been a foreman 13 years.

He is married, and has three daughters, Mrs. Helen Louise Derrington, Mrs. Barbara Jean McCullough and Miss Ruthanne Cunningham, all of East Liverpool.

School Levy Votes Set In Six Districts

Six school districts in Columbiana County will decide the fate of nine operating levies at the general election Tuesday. All are renewals.

Beaver Local School District electors will act on two proposals — a 2.3 - mill levy and a 1.6-mill levy.

East Palestine School District also will act on a pair — both for 2.6 mills. And Fairfield-Waterford District will vote on a 4-mill levy and a 3-mill levy.

A 2.5-mill renewal is at stake in the Salem City School District. The Columbiana Village District will act on a 5.7-mill proposition. The Leetonia Village District will decide on an 8-mill levy.

Only a simple majority vote is required to enact any of the school propositions. Under a new law, most of the propositions were filed to remain in effect for "a continuing period of time," rather than for a specific number of years, as was the practice in the past.

Small segments of Columbiana County will vote upon special issues from "overlapping" school districts in adjoining counties.

They include a $3.5 million bond issue in the Mahoning County Joint Vocational School District; a $6.6 million bond issue in the Alliance City School District and a 4-mill levy in the West Branch Local District.

Five Directors Are Elected By Guilford Group

LISBON — The Guilford Lake Civic Association elected five directors at its quarterly meeting Thursday night in the Guilford Grange hall.

Named to two - year terms were Paul Marks, Eldon Whinery, Dan Johnson, Robert Greenawalt and Harry Hanna.

Charles J. Gause of Hanoverton RD 1, president, said many of the 60 attending indicated an interest in extended telephone service between the Winona and Hanoverton exchanges (General Telephone Co.) and the Lisbon exchange (Ohio Bell).

Mrs. Ernest Phillips will circulate petition forms in the Hanoverton exchange area and Mrs. Jack Mills will do the same in the Winona exchange.

Gause said a survey is under way to determine how many are interested in having gas lines around the lake.

He said several members mentioned health department regulations which would require the closing of the Hanover Township dump south of the lake. There was considerable opposition to closing the dump, he added.

The next meeting will be the last Thursday in January.

Sludge Still Fails To Show; Resulted From Ironic Twist

Officials here, at Midland and in other area communities still have their eyes peeled, but late this morning had failed to sight the glob of water pollution that spilled into the Allegheny River last week.

The sludge, which had made its way to the "Point" at Pittsburgh yesterday, resulted ironically from a Butler County (Pa.) petroleum firm's attempt to curb water pollution.

Wayne Bellaman, regional sanitary engineer for the Health Department's Region 6 located in Meadville, Crawford County, has revealed that the American International Refining Corp.'s attempt to eliminate two 36-year-old acid sludge lagoons triggered the spill.

And he added that the company may now be cited for violation of the Clean Streams Act and the Fish Code.

The State Fish Commission in Harrisburg reported yesterday that it will file a civill suit for damages caused by the pollution. Agents for the commission said the acid sludge killed a million fish.

Bellaman explained that American International took over ownership of the petroleum firm from the Bruin Oil Co. last July 15, inheriting the two ancient sludge lagoons that new management of the corporation had decided to eliminate.

The firm decided, Bellaman related, to fill the upper - level lagoon. But the filling-in process, he said, created more pressure than the ancient earthen dikes could withstand.

The dike burst and the acid sludge spilled into the lower lagoon and then overflowed into the southern branch of Bear Creek.

Attempts to filter the sludge while it still was in Bear Creek failed, he said, and the pollution mass escaped into the waters of the Allegheny River.

Gifford Will Serve As Chief Of Township Fire Operation

Chalmer Gifford will serve a chief of the Liverpool Township fire department until Jan. 1.

He was appointed during Friday night's meeting of the trustees to fill a vacancy created by the resignation of Robert Badger. Gifford has been assistant chief.

A test will be conducted before the first of the year preparatory to naming a permanent chief, the trustees said.

James McPherson, road foreman reported that all snow fences have been installed in the township in readiness for the winter months.

The trustees reminded residents of the township the fire levy to be voted on Tuesday is a complete renewal and not a 1-mill renewal and 3-100 of a mill new levy as the ballots read. They said a typographical error resulted in the misrepresentation.

After a request from Mike Vohar of Price St., the trustees agreed to have "No Parking" signs installed on the Price St. hill.

Vohar also commended the fire department for its speedy response to alarms.

Bills amounting to $1,290 were paid.

The next meeting will be Nov. 15.

Weather Data Holds Strains Of 'Summer'

The strains of the haunting "Indian Summer" provide an appropriate background for the monthly summary of Edwin Copeland, U.S. weather observer at Millport.

Copeland said the "summer" could be near, but pointed out the autumn warm spell which traditionally occurs in November has to follow "Squaw Winter."

He said the low of 20 degrees yesterday and the trace of snow early this week did not represent sufficient "winter."

The average temperature last month was 52 degrees, slightly warmer than the normal 51.4 degrees on Copeland's records. The mercury hit a high of 82 Oct. 11. The sub - freezing reading yesterday was the low.

Rainfall amounted to 3.61 inches, compared with the normal 2.52 inches for October. It marked the first time since May the area has had above normal precipitation.

A total of 2.63 inches fell Oct. 18-19, one of the heaviest rainfalls in a 24-hour perod, Copeland said.

There were 12 cloudy days, 11 clear days and 8 partly cloudy days for a sunshine average of 49 per cent, compared with the normal 50 per cent.

AN OPEN LETTER TO THE VOTERS OF HANCOCK COUNTY

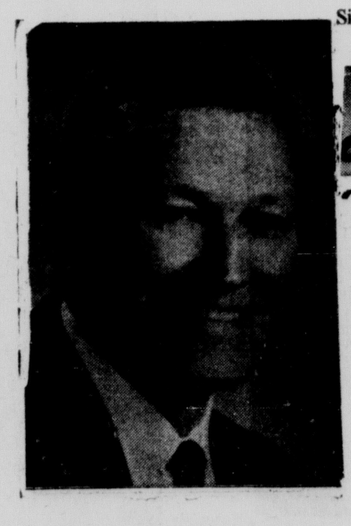
Dear Voters,

As a candidate on the democratic ticket for sheriff of Hancock County, I would like to take this opportunity to express my deepest gratitude to YOU, the people, for your wonderful support. The people giving me this support are the common everyday people — residents of Hancock County — all of whom work and live next to you and me. We, the common everyday people, proved in the primary that the political hacks weren't needed to win an election. For this I am indebted — but only to you. With your continuing support we can do it again in the general. My sincere and foremost interests are for the common everyday people, as they were during the past 16 years that I served as constable.

In the last general election my opponent had numerous amounts of TV advertisements. This is very costly and beyond my budget. I wouldn't insult your intelligence by saying money isn't being spent, but I'd rather spend my money to make it convenient for the voters to get to the polls. This contributes to a better turnout and, also benefits the common people working for me — to whom, I admit, I am very deeply indebted.

My opponent apparently hopes to engage in a smear campaign. I refuse to do so. I feel that the purpose of my campaign is to show the people that I am the most qualified candidate and not to degrade my opponent. Having the confidence of the people who know me is my greatest honor.

A CANDIDATE FOR THE PEOPLE.



Sincerely,
Lou Smoleski

Youth Treated For Injuries

Brakeless Car Overturns When Steered Into Bank

An East Liverpool youth was treated at City Hospital for injuries received when the brakes of his auto failed and it overturned as he rammed into a bank to stop its descent on Park Way.

Donald E. Cunningham, 18, of 830 Avondale St. told police he was driving south on Park Way at 7:20 p.m. Friday about 20 miles an hour. As he applied the brakes on his 1960 sedan, they failed, and he cut the wheels toward the bank.

Cunningham was treated for contusions of the left leg and released. A passenger in the auto, Eliza Willey of 2003 Pennsylvania Ave., was examined and released. They climbed out a window of the car.

Firemen were called to flush gasoline from street at the scene.

Kent Center Looks Ahead

By LUCILLE HUSTON

Photographs By Robert Duffy

STUDENTS AT THE East Liverpool Branch of Kent State University are settling down to their new surroundings in the former East Liverpool High School building, but if State Issue No. 1 is approved in Tuesday's election, bigger and better things are promised.

Professor Richard Q. King, director, said the branch will receive $800,000 for further renovation if the issue passes. The money will be used for a new roof, new electoral system—including lights—new heating plant, window frames and doors and —of even more significance to the students—new science and language equipment.

There are 403 enrolled for the Fall quarter. Two East Liverpool residents — Wolf Dieter Storl of 778½ Dresden Ave., sociology instructor, and Alfred S. Fricano of 2811 St. Clair Ave., accounting instructor, are among the 26 faculty members teaching 57 courses.

EAST LIVERPOOL REVIEW

FeaturePages

East Liverpool, Ohio, Saturday, Nov. 2, 1968—Page 10

THE KENT branch is set up on a budget provided from tuition and from monies allocated from Kent State University. Maintenance of the building, heating and other operating costs are paid out of this budget.

Miss Judith Dowd of Industry, Pa., and Mrs. Maria Yost of East Liverpool, office secretares employed on a full-time bass, are also studying courses.

King and his staff are using a temporary office until the former Taft School building of the East Liverpool schools is renovated for administration offices. They then will move into the present offices of Supt. Paul Blair.

RENOVATION of the high school took place before students began using the 16 classrooms, two laboratories, the library, lounge, and gymnasium. These rooms were all painted and new flooring installed.

The library contains over 5,000 volumes, making it an excellent resource base for the students. A study room is located next to the library, providing the students a place for "quiet study." This area is open each day from 8:30 a.m. until 10 p.m.

The lounge also offers a study site, if a student wishes to hit the books amid the hubbub of the music and noise of the ping-pong players.

The lounge has vending machines to dispense soups, sandwiches, beverages, rolls and ice cream. New tables and chairs have been installed, and a "false ceiling" made from parachutes dyed light blue add to the decor. The Student Senate provided this added feature.

The ping-pong tables are available for relaxation of the students during breaks or between classes. The possibility of obtaining a pool table is being investigated, King said.

New table - arm chairs are in use in the classrooms, and new tables and lecturns are provided for instructors.

THE BOOK store carries all textbooks the students need for the courses offered, in addition to paper, pens and other school supplies. King reported that gteting textbook for the fall quarter presented a problem, since books could not be obtained until instructors were chosen. This problem should not recur, he added.

The Memorial Auditorium will be used for social events by the students, and will also be available for other community events on a rental basis.

The Jaycees are sponsoring Sunday afternoon basketball programs in the M.A. and the Junior Achievement group has requested the machine shop area for its program.

Robert Jensen, Kent State University psychology instructor, holds a discussion with a class at the East Liverpool Center.

These groups are compensating Kent State for expense incurred.

In addition to the regular course lecturers, special guest speakers are brought from the main campus.

A basketball schedule of 16 games, plus the regional campus tournament, is planned. Games are slated with other Kent centers, plus branch teams from Bowling Green, Ohio University, Miami University and Ohio State University. Merril Hall, a former East Liverpool High School basketball coach, has been hired to coach the local team.

THE BRANCH also offers courses to students enrolled in the East Liverpool City Hospital School of Nursing. First-year student nurse take biology, chemistry, anatomy, English, psychology and sociology at the center.

KING SAID some research is being done into the 2-year associate nursing program. This would permit a student to take a nursing exam at the end of the program and to qualify as a registered nurse in two instead of three years.

Dances, parties, socal group meetings and many of the usual campus events are also part of the center's activities.

KING SAYS the branch offers an incentive to many who would not otherwise have the opportunity to attend college.

A majority attending would be unable to study in higher education if they had to attend some distant campus.

King added that pre-registration for the winter quarter will start Nov. 18. Registration will be held Dec. 17 from 4 to 7 p.m. in the auditorium. Anyone interested in obtaining more information about the courses may contact the office.

Kent Center Looks Ahead

STUDENTS AT THE East Liverpool Branch of Kent State University are settling down to their new surroundings in the former East Liverpool High School building, but if State Issue No. 1 is approved in Tuesday's election, bigger and better things are promised.

Professor Richard Q. King, director, said the branch will receive $800,000 for further renovation if the issue passes. The money will be used for a new roof, new electoral system—including lights—new heating plant, window frames and doors and —of even more significance to the students—new science and language equipment.

There are 403 enrolled for the Fall quarter. Two East Liverpool residents — Wolf Dieter Storl of 778½ Dresden Ave., sociology instructor, and Alfred S. Fricano of 2811 St. Clair Ave., accounting instructor, are among the 26 faculty members teaching 57 courses.

EAST LIVERPOOL REVIEW

FeaturePages

East Liverpool, Ohio, Saturday, Nov. 2, 1968—Page 10

THE KENT branch is set up on a budget provided from tuition and from monies allocated from Kent State University. Maintenance of the building, heating and other operating costs are paid out of this budget.

Miss Judith Dowd of Industry, Pa., and Mrs. Maria Yost of East Liverpool, office secretares employed on a full-time bass, are also studying courses.

King and his staff are using a temporary office until the former Taft School building of the East Liverpool schools is renovated for administration offices. They then will move into the present offices of Supt. Paul Blair.

RENOVATION of the high school took place before students began using the 16 classrooms, two laboratories, the library, lounge, and gymnasium. These rooms were all painted and new flooring installed.

The library contains over 5,000 volumes, making it an excellent resource base for the students. A study room is located next to the library, providing the students a place for "quiet study." This area is open each day from 8:30 a.m. until 10 p.m.

The lounge also offers a study site, if a student wishes to hit the books amid the hubbub of the music and noise of the ping-pong players.

The lounge has vending machines to dispense soups, sandwiches, beverages, rolls and ice cream. New tables and chairs have been installed, and a "false ceiling" made from parachutes dyed light blue add to the decor. The Student Senate provided this added feature.

The ping-pong tables are available for relaxation of the students during breaks or between classes. The possibility of obtaining a pool table is being investigated, King said.

New table - arm chairs are in use in the classrooms, and new tables and lecturns are provided for instructors.

THE BOOK store carries all textbooks the students need for the courses offered, in addition to paper, pens and other school supplies. King reported that gteting textbook for the fall quarter presented a problem, since books could not be obtained until instructors were chosen. This problem should not recur, he added.

The Memorial Auditorium will be used for social events by the students, and will also be available for other community events on a rental basis.

The Jaycees are sponsoring Sunday afternoon basketball programs in the M.A. and the Junior Achievement group has requested the machine shop area for its program.

Robert Jensen, Kent State University psychology instructor, holds a discussion with a class at the East Liverpool Center.

These groups are compensating Kent State for expense incurred.

In addition to the regular course lecturers, special guest speakers are brought from the main campus.

A basketball schedule of 16 games, plus the regional campus tournament, is planned. Games are slated with other Kent centers, plus branch teams from Bowling Green, Ohio University, Miami University and Ohio State University. Merril Hall, a former East Liverpool High School basketball coach, has been hired to coach the local team.

THE BRANCH also offers courses to students enrolled in the East Liverpool City Hospital School of Nursing. First-year student nurse take biology, chemistry, anatomy, English, psychology and sociology at the center.

KING SAID some research is being done into the 2-year associate nursing program. This would permit a student to take a nursing exam at the end of the program and to qualify as a registered nurse in two instead of three years.

Dances, parties, socal group meetings and many of the usual campus events are also part of the center's activities.

KING SAYS the branch offers an incentive to many who would not otherwise have the opportunity to attend college.

A majority attending would be unable to study in higher education if they had to attend some distant campus.

King added that pre-registration for the winter quarter will start Nov. 18. Registration will be held Dec. 17 from 4 to 7 p.m. in the auditorium. Anyone interested in obtaining more information about the courses may contact the office.

THE "BIG BLOB" OF POLLUTION passing down the Ohio River from the Pittsburgh region is expected to have a far reaching, devastating effect on aquatic life for some time to come.

And, those in conservation also are concerned about the effect on wildlife species whose environment centers around water.

The white foamy mass of industrial oil waste started on its trip over a week ago when thousands of gallons of the pollution broke from a containing lagoon in Butler County, Pennsylvania, and poured into Bear Creek.

From there it slowly moved to the Allegheny River and then past Pittsburgh, emptying into the Ohio.

In its wake in Pennsylvania, millions of the fish were killed. Although authorities say the pollutants are non-toxic, it first settled to the bottom where it killed aquatic life and fish by asphyxiation.

As the sludge passed over the dams, it was whipped into a mass of foam six feet thick, 600 feet wide and a mile long.

The fish kill already has been termed the worst in Pennsylvania in 10 years. Fearing an occurrence, Gov. Raymond Shafer has ordered immediate action to have the refinery take steps to control the remaining sludge.

While there has been a quick assessment of the loss

in Pennsylvania, no one has even started guesing what the loss will be, if any, to states bordering the Ohio River.

EVEN IF THE refinery is forced to pay for the loss of the fish, what about other losses?

How will this affect birds who depend on aquatic insects and small minnows for survival?

What about muskrats, mink and other wildlife species that live in the river?

In the Ohio River, the effect probably will be just as far reaching. West Virginia recently stocked stripers in the Ohio. These fish need free - f l o w i n g water to spawn. The eggs are carried along by the current and should this or any form of pollution hit the eggs, or minnows, they are gone.

Many persons do not realize how much of a decline can be caused by a charge of acid or toxic pollution. More than just the immediate fish kill is involved.

ALONG THIS LINE, the U.S. Department of Interior has announced environmental pollutants may be causing the decline of the osprey.

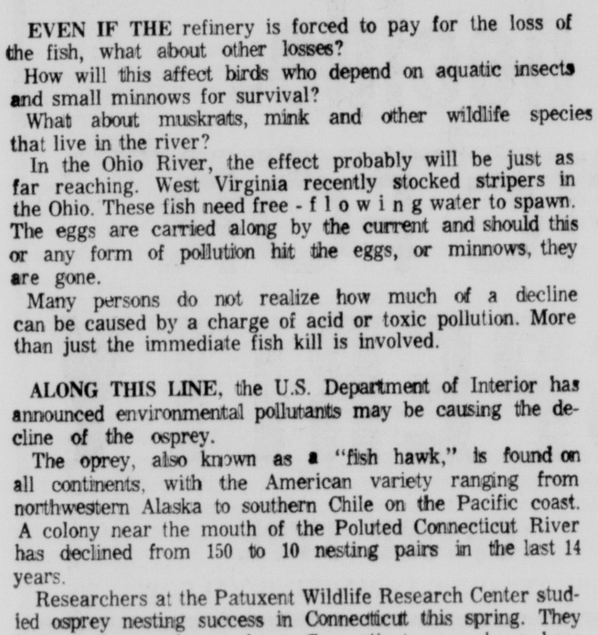
The oprey, also known as a "fish hawk," is found on all continents, with the American variety ranging from northwestern Alaska to southern Chile on the Pacific coast. A colony near the mouth of the Poluted Connecticut River has declined from 150 to 10 nesting pairs in the last 14 years.

Researchers at the Patuxent Wildlife Research Center studied osprey nesting success in Connecticut this spring. They believe that embryos from Connecticut may have been killed by some pollutant obtained by the adult from its environment and passed on to the eggs. Each embryo died as yolk was being drawn into the body.

Renowned ornithologist Roger Tory Peterson predicts that if the present rate of decline continues, fish hawks will be gone from Connecticut by 1971 — and he suspects pesticide may be responsible.

The osprey is vulnerable because it is at the top of the food chain. Pesticides accumulate as larger fish eat smaller ones, and ospreys love to dive toward the water for the largest fish they see. The prey may contain a high concentration of poison built up over time.

THE OSPREY'S presence would be missed along our lake shores and oceans. This quick-diving bird hurls for



food from a height of 30 to 100 feet. Should a fish be grabbed so that its tail is toward the wind, the osprey will almost invariably turn the fish around, seemingly understanding the principles of wind resistance.

Fish hawks are often victimized by other birds—some only one tenth its size. The red-winged blackbird and common tern are among the small, but bothersome, tormentors. Eagles are troublesome, too.

Fish hawks usually nest near water and are at home on fresh water or by the sea. Nests usually are constructed in high trees, but often on rocks and sometimes on ground.

Nests are used year after year by the same or different pairs, and grow larger each season with a wide assortment of sticks and branches and often paper and debris. They may come to weigh several hundred pounds and have been known to reach half a ton.

Into these nests the female usually lays three eggs. Freeding time involves both parents, the male searching for the food and bringing it back to the female who feeds the young.

Ospreys are diligent parents. The mother usually feeds her young one at a time, filling up a single nestling before going to another. She rapidly pulls apart bits of fish to offer the youngsters being fed while the male either takes up a nearby perch for an hour or so, or goes right out after another fish.

AREA HUNTER SCORES. Four hunters, including a Columbiana County man, were successful Monday at the opening in the Wolf Creek Wildlife Area in Morgan County.

Herbert Trace of Glouster, Athens County, Ohio took a 3½-year-old 8-point buck.

Young does were bagged by Elvin Ball, of McConnelsville, Morgan County; Dale Buckman, Homeworth, Columbiana County, and Van Twyman, Zanesville, Muskingum County.

On the second day a 14-point buck was taken by Larry Bea of Zanesville. All of the deer were taken with muzzle-loading rifles. The special season ends tonight. Only weapons permitted were muzzle-loading rifles using black powder, .38-calliber or larger, with flintrock or cap-and-ball firing, or the time-honored bow and arrow.

TO QUALIFY, A HUNTER must have usual hunting license and deer permit, and also a special Primitive Weapons Deer Hunt Permit, for which there is no extra charge.

This permit can be obtained free from the Ohio Division of Wildlife, 1500 Dublin Road, Columbus, Ohio 43215, or from Headquarters, Wolf Creek Wildlife Area, Route 3, Malta, Ohio. The permits can be obtained by mail, or by applying in person.

Some hunters prefer to get their permits when registering at Wolf Creek Wildlife Headquarters, which is on State Route 78 southwest of McConnelsville, near Ringo.

RESERVATIONS for fall and holiday vacations in West Virginia's State Park cabins and lodges are nearly to the capacity of the facilities, Mrs. Velma Le Roy, reservations manager reports.

Requests for Thanksgiving holiday accommodations have filled all available cabins at Blackwater Falls and Cacapon. Only 4-bedroom cabins accommodating up to eight remain at Cacapon for Christmas, and popular Blackwater Falls cabins are already filled for the yule season.

Excluding the holidays, several cabins are still available at the two parks from now to Dec. 22, including some weekend vacancies.

Cacapon Lodge and Blackwater Lodge have some rooms stlil available now through the holidays. Beautiful new Hawks Nest Lodge has some reservations available now through New Years. Reduced winter rates apply at all three lodges.

Bluestone State Park has 2, 4 and 6-person deluxe cabins available through Dec. 8, the day following the closing of deer hunting season. Lot River has 4 and 8-person cabins from Dec. 1 to 8. Watoga offers 4-person deluxe cabins through Nov. 24 and Dec. 1 to 8.

Kumbrabow State Forest has available 4-person rustic

cabins from Nov. 4 to 23 and Dec. 1 to 8. Seneca has 4 and 8-person rustics through Nov. 23 and Dec. 1 to 8, plus 6-person rustic cabins through Nov. 23.

All other facilities are booked or have closed for the winter.

Reservations for cabins should be addressed to the Divsion of Parks and Recreaton, Department of Natural Resources, State Capitol, Charleston, W. Va. - 25305. Lodge room reservaiotns may be made directly with lodge offices.

WEST VIRGINIA TURKEY hunters are expected to have better luck this year than in 1967.

The Department of Natural Resources today estimated the 1968 turkey kill at 1,200 birds — 221 more than last year.

The kill in the eastern panhandle is expected to increase about 70 per cent from 462 turkeys killed last year to 800 in 1968, the department said.

The projection for mountain counties was a 25 per cent decrease.

You And The Law

The gleaming row of saxophones greeted Sam's eye as he entered the music store.

"Boy, that's a nice looking one there," he commented to the salesman. "In fact it's just the brand name the music teacher recommended to me. My son will really like this. It is an alto saxophone, isn't it?

"Oh, yes," the salesman said. "It has a nice case and all the accessories that go with it, too. It's $350. A real good buy."

"I'll take it," Sam replied.

A week later Sam stormed back into the store, saxophone in hand.

"This is a used instrument. I thought it was new. I want my money back," Sam demanded.

"Sorry, all sales are final. Anyway you didn't ask for a new one — or whether this one was used. You picked it out," the salesman replied.

Sam sued the store for the return of his money, claiming misrepresentation. Could Sam get his money back?

Under these circumstances, courts would generally rule in Sam's davor. Sam was entitled to a fair description of t h e saxophone. When placed in with the new instruments, the salesman owed a duty to Sam to tell him it was "like new" or "reconditioned" or "used." The fact the customer doesn't ask about the "new" or "used" aspect of the item is no real defense.

Generally, courts have held that if something is "new" it must never have been used, not "reconditioned," "l i k e new."

Wallace Back In Missouri For 5th Time

CHICAGO (AP) — George C. Wallace, convinced by a thunderous welcome in Chicago that his presidential campaign is ending on an upswing, moves to Missouri today in quest for the fifth time of that Border state's 12 electoral votes.

Wallace speaks at a rally at the City Hall in Joplin, a lead-mining community at the southwestern tip of Missouri.

In Chicago Friday night, the third-party candidate drew 10,000 supporters, who applauded wildly at the International Amphitheatre, where Vice President Hubert H. Humphrey received the Democratic nomination in August.

Only about 200 ineffective hecklers appeared to receive Wallace's practiced barbs.

"You had better have your day now," he told them, "because after Nov. 5 you're through in this country."

A brief clash between the young hecklers and Wallace supporters broke out in the upper balcony shortly after the anti-Wallace crowd cheered during the invocation. Police separated the fist swingers, closed off the corridors and restored order.

Wallace had the crowd on its feet repeatedly with his promises to end federal support of busing school children, repeal open-housing legislation and end the Vietnam war militarily.

Police Tighten Security Around Guard In Theft

WEIRTON (AP) — The victim of Thursday morning's $50,000 parking lot robbery is recovering from his injuries in Weirton General Hospital as security measures have been increased around him.

Anthony Carinci, 28, of Weirton was transferring the money from the Peoples Bank of Weirton to the Weirton Savings and Loan Co. when he was overpowered in a parking lot, sprayed with chemical mace and handcuffed to the steering wheel of his car.

Carinci is a courier for the Weirton Savings and Loan Co.

The FBI is said to be watching the matter closely and when it is determined that the money has been taken over a state line will enter the case.

Meanwhile, Donald Wojcik, assistant vice president of the savings and loan, said the $50,000 stolen was covered by insurance.

Weirton detectives Edward Gialluco and George Kource, who are continuing the investigation, said Friday they are seeking an unidentified man who was seen loitering in an alleyway behind the Peoples bank shortly before the robbery.

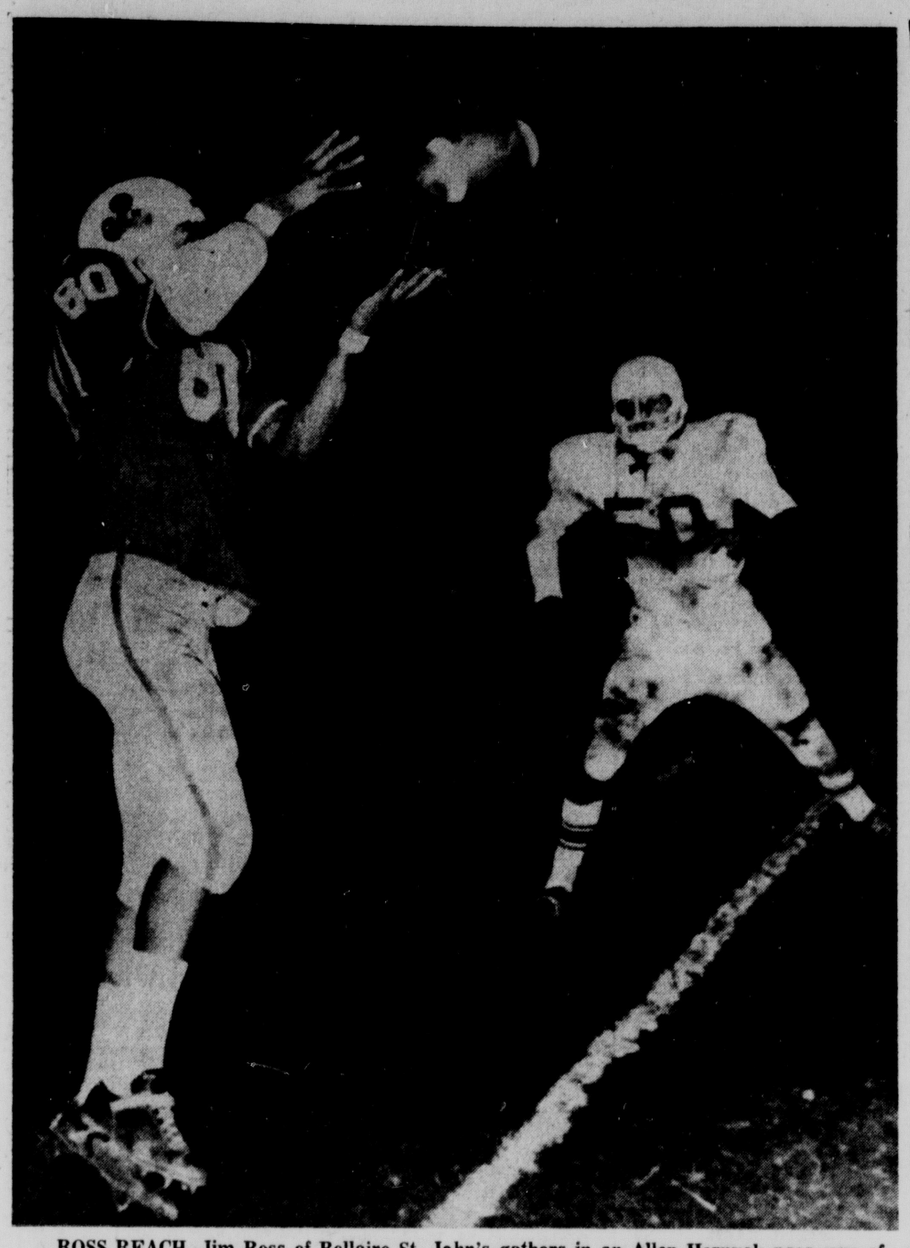
Potters Outlast Bellaire St. John's 24-13 In Aerial Battle



ROSS REACH. Jim Ross of Bellaire St. John's gathers in an Allen Hornyak pass, one of four caught by the Irish end last night, as Denny Brennen of East Liverpool, who later recovered a crucial fumble, watches.

Irish Win String Snapped At 10

By TURK PIERCE
Review Sports Editor

The East Liverpool Potters handed Bellaire St. John's its first loss of the season at Patterson Field last night in a game closer than the final score of 24-13 would indicate.

The fighting Irish were trailing 18-13 and had the ball on the Potter seven late in the game when their fine quarterback, Allen Hornyak, fumbled, and Denny Brennen recovered to save the game for East Liverpool.

Playing an outstanding game for the Potters was John Johnson, who caught five passes for 92 yards and a touchdown on offense and intercepted two passes and batted down numerous others on defense.

The two teams filled the air with footballs, with Dan Cunningham of the Potters besting Hornyak. Cunningham hit 12 of 21 for 171 yards, and connected on five in a row in the second period, while Hornyak hit 11 of 24 for 147 yards. There were 14 passes tried altogether.

Potter coach Bob McNea noted that it wasn't one of the team's best games. "We had a sluggish first half", he said. He mentioned the heat, which was more typical of September than November, as a reason for the let-down from last week's sharp performance.

McNea said that the pass defense came through OK, and was pleased with the ability of Jim Musuraca to call the defensive signals on short notice, due to the absence of Tom Chambers with an injury. "The only time we got confused was when they started running off plays too quickly for us to adjust", McNea added. This happened on both the second TD drive and the drive that ended in the fumble.

The coaches were pleased with the showing of Floyd Cranston, who has been used sparingly on offense this season. Cranston gained 29 yards in five carries, scored once, and caught four passes for 29 yards. Musuraca was the leading groundgainer, with 81 yards in 15 carries, and Steve Williams got 56 in 16 attempts. Tom Kouski led St. John's with 65 yards in 11 tries.

The Potters got a break in the early going when Lou Volino recovered a fumble by Martin Lucki, who was trying to field a Cunningham punt on the 30. A penalty set East Liverpool back, and Hornyak, who is also outstanding on defense, intercepted a pass on the 40 and returned it to the Potter 48. Kouski swept right end for 31 yards to the 17 and then Hornyak hit Lucki, who was well covered, with a pass in the end zone, and the Irish led 6-0 with 1:00 to play in the first period.

The Potters came right back to tie the score. They drove 73 yards in 10 plays, an unnecessary roughness penalty helping on a third and eight play. Johnson was wide open in the end zone to gather in Cunningham's toss for the tying TD.

After the kickoff the visitors drove from their own 21 to the Potter 45 before punting. Again East Liverpool put on a sustained drive, 85 yards in 11 plays, to score. On crucial third down plays Cunningham hit Johnson and then Cranston, the latter wrestling the ball away from the defender to make the catch.

Musuraca appeared to be trapped for a long loss on a reverse, but squirmed away to gain 22 yards to the 11. Williams then went over right guard and cut back to make it into the end zone to break the tie with 1:14 left in the half. The Irish came back, with Hornyak throwing on every play, and were to the Potter 25 when time ran out.

After the second half kickoff the Potters got in a hole when Cunningham was caught trying to pass and Musuraca was nailed on a reverse. Cunningham got off his only poor punt of the night, 28 yards, to the 35, and Hornyak brought it back to the 29. On fourth down Johnson made the first of his interceptions, on the 12, and then Cunningham punted to the St. John's 37.

The Irish came back to the Potter 48 before Johnson made another interception, again on the 12. The Potters' third sustained drive of the evening covered the 88 yards in 15 plays. Big plays were another 22-yard ramble by Musuraca and a 17-yard jaunt by Cranston to the three, from where Cunningham went over.

An 18-6 lead with 9:33 left seemed safe, but Hornyak got the Irish back in the game in a hurry. A penalty on the kickoff gave St. John's the ball on the Potter 47, and they scored in eight plays, helped by a fourth-down offside penalty. The clincher was a 24-yard pass from Hornyak to Jim Ross. John DeBlasis kicked the conversion to narrow the score to 18-13. Due to the quickness with which the Irish ran their plays in this sequence, only 1:04 elapsed between the Potter score and the St. John's retaliation.

The kickoff was out of bounds on the 23, and for some reason the Potters took the ball there rather than ask for a new kickoff. Musuraca gained 13, but Williams fumbled the ball on the 40 and George Gonot recovered. On third and 10 Hornyak ran 15 yards, and then hit Lucki on the 10. Hornyak was forced to run and got to the seven, but then the center snap was fumbled and Brennen pounced on it. Hornyak argued the awarding of the ball to the Potters so vocifcrously he was ejected from the game and the Irish were assessed 15 yards.

For the fourth time during the evening, the Potters controlled the ball, going 76 yards in 11 plays. Cunningham hit Johnson for 29, and then ran 13 on a keeper. Musuraca went 10 yards to the 1 and Cranston plunged over with 1:27 to go to ice the victory.

Cranston's booming kickoff put St. John's in a hole. Musuraca intercepted a Gonot pass on the 28 and returned it to the seven, but on last down from the five the Potter captain was stopped just short of the goal. Gonot pitched the losers to the 29 before time ran out.

Jerry Christian, Cunningham and Nelson Clark suffered minor leg injuries during the game.

The parents of all the football players were introduced prior to the game. The Potters, now 7-2, close the season next week by hosting Alliance.

Chuck Capehart won the game football raffled off by the Blue and White Nonpareil Club.

Jim Musuraca of East Liverpool, trapped for an almost certain loss, broke tackles and ended up gaining 22 yards on this reverse, setting up the tie-breaking touchdown in the Potters' 24-13 win over Bellaire St. John's at Patterson Field last night. Bears Fall 28-21

Sebring Upsets Leetonia On Late Wilson Score

LEETONIA — Sebring ended the faint Leetonia hopes for a share of the Tri-County League title with a 28-21 win over the Bears here last night.

Greg Wilson scored the winning touchdown on an eight-yard run with 5:49 to go in the game. The score was set up when halfback Wilson, on a third and 19 situation on the Sebring 36, hit quarterback Joe Bowers with a pass covering 66 yards.

Following the last score, Leetonia threatened twice, but lost the ball on downs at the 20 and Don Campbell intercepted a pass on the 10.

Ed Casey of the Bears hit 20 of 37 passes, including two for touchdowns to Tim Trombitas, but accounted for only 84 yards. Leetonia led in first downs 21-8 and in total yardage 249-186.

Chet Riffle opened the scoring for the Trojans on a short pass from Bowers. Leetonia took the lead 7-6 when Bob Davis converted after Trombitas' first TD. The score was set up by an interception by John Bloor on the 36. Leetonia tried an onside kick, but the strategy backfired when Jerry Lau returned the kickoff 60 yards for a TD. Leetonia regained the lead 13-12 when Ken DiCross scored to cap a 68-yard drive.

Sebring blocked a Leetonia punt attempt and recovered on the five. Bowers passed to Ed Braidic with only 47 seconds left in the half to give Sebring the lead at intermission.

Trombitas' second TD and the ensuing conversion run by DiCross made it 21-20 Leetonia, but Sebring's final TD proved to be the winner.

The Bears are now 6-3, Sebring 5-4.

Bullets Stay On Hot Pace; Lakers Fall

By The Associated Press

The Baltimore Bullets, beebees in the arsenal of National Basketball Association teams the past two years, are looking like bombshells this season.

Baltimore, leading the NBA's Eastern Division, won its eighth game in 11 starts Friday night by pounding the New York Knickerbockers 119-103 behind the accurate gunning of Kevin Loughery, Earl Monroe and Ray Scott.

In other NBA action, Boston smashed Philadelphia 118-99, Cincinnati trounced Milwaukee 132-114, Atlanta edged San Francisco 109-105 and Chicago knocked off Los Angeles 114-101.

Miami nipped the New York Nets 111-110 in the only American Basketball Association game.

Loughery fired in 16 of his 33 points in the fourth quarter to ruin the Knicks who had closed the gap to four, 82-78, after three periods as Howie Komives came off the bench to score 13 points in a span of about seven minutes.

Montre contributed 25 points and Scott 20 to the Baltimore attack. Komives led the Knicks with 24 and Walt Frazier got 17.

Boston wrapped up its game with Philadelphia by outscoring the 76eers 32-16 in the second quarter as John Havlicek put in 12 points and Sam Jones eight.

Bailey Howell led Boston with 32 points, Larry Siegfried got 29 and player-coach Bill Russell blocked 13 shots. Billy Cunningham topped Philadelphia with 23 points.

Cincinnati hit 10 of its first 15 shots from the field, built up a 19-point first-quarter lead and coasted against Milwaukee. Oscar Robertson led Cincinnati with 29 points, and Dave Gambee paced Milwaukee with 21.

Joe Caldwell's layup with 38 seconds left clinched Atlanta's victory over San Francisco. Zelmo Beaty was high for Atlanta with 25 points. Jeff Mullins led San Francisco with 28.

Clem Haskins came off the bench to score 24 points and Bob Boozer contributed 21 as the Bulls shoved Los Angeles out of a share of first place in the Western Division. The Laker loss gave idle Phoenix undisputed possession of the top spot.

Wilt Chamberlain and Elgin Baylor led the Lakers with 29 and 25 points, respectively. The 6-foot-5 Baylor grabbed 13 rebounds to give him a lifetime total of 10,102—fifth best in NBA history.

Late Columbiana Rally Downs Lisbon 27-21

LISBON — Gary Schmidt raced 45 yards with two minutes remaining to break a 21-21 tie and give Columbiana a surprising 27-21 victory over favored Lisbon here Friday night.

The Tri-County League battle left Lisbon with a 4-5 mark while Columbiana pulled even with a 4-4 record.

Lisbon held a 21-13 lead midway through the third quarter, but Columbiana stormed back for two touchdowns, one by Dale Reash — who scored twice last night — from the one, and the other on Schmidt's winning dash.

The see-saw battle showed the teams exchanging touchdowns in the first period as Reash scored from the one and Bill Farmer went the same distance for the Blue Devils.

In the second period, Davis Ferguson took a 16-yard pass from Randy Muntean to put Coach Bud Bucher's team on top 14-7 at halftime.

Opening the second half, John Lower returned the kickoff 75 yards for a touchdown but a pass for the conversion failed and Lisbon continued to lead 14-13.

The Blue Devils sent Farmer in from the one again in the third period for their final touchdown before Columbiana punched two across for the difference.

Potters Outlast Bellaire St. John's 24-13 In Aerial Battle

Irish Win String Snapped At 10

By TURK PIERCE
Review Sports Editor

The East Liverpool Potters handed Bellaire St. John's its first loss of the season at Patterson Field last night in a game closer than the final score of 24-13 would indicate.

The fighting Irish were trailing 18-13 and had the ball on the Potter seven late in the game when their fine quarterback, Allen Hornyak, fumbled, and Denny Brennen recovered to save the game for East Liverpool.

Playing an outstanding game for the Potters was John Johnson, who caught five passes for 92 yards and a touchdown on offense and intercepted two passes and batted down numerous others on defense.

The two teams filled the air with footballs, with Dan Cunningham of the Potters besting Hornyak. Cunningham hit 12 of 21 for 171 yards, and connected on five in a row in the second period, while Hornyak hit 11 of 24 for 147 yards. There were 14 passes tried altogether.

Potter coach Bob McNea noted that it wasn't one of the team's best games. "We had a sluggish first half", he said. He mentioned the heat, which was more typical of September than November, as a reason for the let-down from last week's sharp performance.

McNea said that the pass defense came through OK, and was pleased with the ability of Jim Musuraca to call the defensive signals on short notice, due to the absence of Tom Chambers with an injury. "The only time we got confused was when they started running off plays too quickly for us to adjust", McNea added. This happened on both the second TD drive and the drive that ended in the fumble.

The coaches were pleased with the showing of Floyd Cranston, who has been used sparingly on offense this season. Cranston gained 29 yards in five carries, scored once, and caught four passes for 29 yards. Musuraca was the leading groundgainer, with 81 yards in 15 carries, and Steve Williams got 56 in 16 attempts. Tom Kouski led St. John's with 65 yards in 11 tries.

The Potters got a break in the early going when Lou Volino recovered a fumble by Martin Lucki, who was trying to field a Cunningham punt on the 30. A penalty set East Liverpool back, and Hornyak, who is also outstanding on defense, intercepted a pass on the 40 and returned it to the Potter 48. Kouski swept right end for 31 yards to the 17 and then Hornyak hit Lucki, who was well covered, with a pass in the end zone, and the Irish led 6-0 with 1:00 to play in the first period.

The Potters came right back to tie the score. They drove 73 yards in 10 plays, an unnecessary roughness penalty helping on a third and eight play. Johnson was wide open in the end zone to gather in Cunningham's toss for the tying TD.

After the kickoff the visitors drove from their own 21 to the Potter 45 before punting. Again East Liverpool put on a sustained drive, 85 yards in 11 plays, to score. On crucial third down plays Cunningham hit Johnson and then Cranston, the latter wrestling the ball away from the defender to make the catch.

Musuraca appeared to be trapped for a long loss on a reverse, but squirmed away to gain 22 yards to the 11. Williams then went over right guard and cut back to make it into the end zone to break the tie with 1:14 left in the half. The Irish came back, with Hornyak throwing on every play, and were to the Potter 25 when time ran out.

After the second half kickoff the Potters got in a hole when Cunningham was caught trying to pass and Musuraca was nailed on a reverse. Cunningham got off his only poor punt of the night, 28 yards, to the 35, and Hornyak brought it back to the 29. On fourth down Johnson made the first of his interceptions, on the 12, and then Cunningham punted to the St. John's 37.

The Irish came back to the Potter 48 before Johnson made another interception, again on the 12. The Potters' third sustained drive of the evening covered the 88 yards in 15 plays. Big plays were another 22-yard ramble by Musuraca and a 17-yard jaunt by Cranston to the three, from where Cunningham went over.

An 18-6 lead with 9:33 left seemed safe, but Hornyak got the Irish back in the game in a hurry. A penalty on the kickoff gave St. John's the ball on the Potter 47, and they scored in eight plays, helped by a fourth-down offside penalty. The clincher was a 24-yard pass from Hornyak to Jim Ross. John DeBlasis kicked the conversion to narrow the score to 18-13. Due to the quickness with which the Irish ran their plays in this sequence, only 1:04 elapsed between the Potter score and the St. John's retaliation.

The kickoff was out of bounds on the 23, and for some reason the Potters took the ball there rather than ask for a new kickoff. Musuraca gained 13, but Williams fumbled the ball on the 40 and George Gonot recovered. On third and 10 Hornyak ran 15 yards, and then hit Lucki on the 10. Hornyak was forced to run and got to the seven, but then the center snap was fumbled and Brennen pounced on it. Hornyak argued the awarding of the ball to the Potters so vociferously he was ejected from the game and the Irish were assessed 15 yards.

For the fourth time during the evening, the Potters controlled the ball, going 76 yards in 11 plays. Cunningham hit Johnson for 29, and then ran 13 on a keeper. Musuraca went 10 yards to the 1 and Cranston plunged over with 1:27 to go to ice the victory.

Cranston's booming kickoff put St. John's in a hole. Musuraca intercepted a Gonot pass on the 28 and returned it to the seven, but on last down from the five the Potter captain was stopped just short of the goal. Gonot pitched the losers to the 29 before time ran out.

Jerry Christian, Cunningham and Nelson Clark suffered minor leg injuries during the game.

The parents of all the football players were introduced prior to the game. The Potters, now 7-2, close the season next week by hosting Alliance.

Chuck Capehart won the game football raffled off by the Blue and White Nonpareil Club.

Sebring Upsets Leetonia On Late Wilson Score

LEETONIA — Sebring ended the faint Leetonia hopes for a share of the Tri-County League title with a 28-21 win over the Bears here last night.

Greg Wilson scored the winning touchdown on an eight-yard run with 5:49 to go in the game. The score was set up when halfback Wilson, on a third and 19 situation on the Sebring 36, hit quarterback Joe Bowers with a pass covering 66 yards.

Following the last score, Leetonia threatened twice, but lost the ball on downs at the 20 and Don Campbell intercepted a pass on the 10.

Ed Casey of the Bears hit 20 of 37 passes, including two for touchdowns to Tim Trombitas, but accounted for only 84 yards. Leetonia led in first downs 21-8 and in total yardage 249-186.

Chet Riffle opened the scoring for the Trojans on a short pass from Bowers. Leetonia took the lead 7-6 when Bob Davis converted after Trombitas' first TD. The score was set up by an interception by John Bloor on the 36. Leetonia tried an onside kick, but the strategy backfired when Jerry Lau returned the kickoff 60 yards for a TD. Leetonia regained the lead 13-12 when Ken DiCross scored to cap a 68-yard drive.

Sebring blocked a Leetonia punt attempt and recovered on the five. Bowers passed to Ed Braidic with only 47 seconds left in the half to give Sebring the lead at intermission.

Trombitas' second TD and the ensuing conversion run by DiCross made it 21-20 Leetonia, but Sebring's final TD proved to be the winner.

The Bears are now 6-3, Sebring 5-4.

Bullets Stay On Hot Pace; Lakers Fall

By The Associated Press

The Baltimore Bullets, beebees in the arsenal of National Basketball Association teams the past two years, are looking like bombshells this season.

Baltimore, leading the NBA's Eastern Division, won its eighth game in 11 starts Friday night by pounding the New York Knickerbockers 119-103 behind the accurate gunning of Kevin Loughery, Earl Monroe and Ray Scott.

In other NBA action, Boston smashed Philadelphia 118-99, Cincinnati trounced Milwaukee 132-114, Atlanta edged San Francisco 109-105 and Chicago knocked off Los Angeles 114-101.

Miami nipped the New York Nets 111-110 in the only American Basketball Association game.

Loughery fired in 16 of his 33 points in the fourth quarter to ruin the Knicks who had closed the gap to four, 82-78, after three periods as Howie Komives came off the bench to score 13 points in a span of about seven minutes.

Montre contributed 25 points and Scott 20 to the Baltimore attack. Komives led the Knicks with 24 and Walt Frazier got 17.

Boston wrapped up its game with Philadelphia by outscoring the 76eers 32-16 in the second quarter as John Havlicek put in 12 points and Sam Jones eight.

Bailey Howell led Boston with 32 points, Larry Siegfried got 29 and player-coach Bill Russell blocked 13 shots. Billy Cunningham topped Philadelphia with 23 points.

Cincinnati hit 10 of its first 15 shots from the field, built up a 19-point first-quarter lead and coasted against Milwaukee. Oscar Robertson led Cincinnati with 29 points, and Dave Gambee paced Milwaukee with 21.

Joe Caldwell's layup with 38 seconds left clinched Atlanta's victory over San Francisco. Zelmo Beaty was high for Atlanta with 25 points. Jeff Mullins led San Francisco with 28.

Clem Haskins came off the bench to score 24 points and Bob Boozer contributed 21 as the Bulls shoved Los Angeles out of a share of first place in the Western Division. The Laker loss gave idle Phoenix undisputed possession of the top spot.

Wilt Chamberlain and Elgin Baylor led the Lakers with 29 and 25 points, respectively. The 6-foot-5 Baylor grabbed 13 rebounds to give him a lifetime total of 10,102—fifth best in NBA history.

Schmidt's Score Decides

Late Columbiana Rally Downs Lisbon 27-21

LISBON — Gary Schmidt raced 45 yards with two minutes remaining to break a 21-21 tie and give Columbiana a surprising 27-21 victory over favored Lisbon here Friday night.

The Tri-County League battle left Lisbon with a 4-5 mark while Columbiana pulled even with a 4-4 record.

Lisbon held a 21-13 lead midway through the third quarter, but Columbiana stormed back for two touchdowns, one by Dale Reash — who scored twice last night — from the one, and the other on Schmidt's winning dash.

The see-saw battle showed the teams exchanging touchdowns in the first period as Reash scored from the one and Bill Farmer went the same distance for the Blue Devils.

In the second period, Davis Ferguson took a 16-yard pass from Randy Muntean to put Coach Bud Bucher's team on top 14-7 at halftime.

Opening the second half, John Lower returned the kickoff 75 yards for a touchdown but a pass for the conversion failed and Lisbon continued to lead 14-13.

The Blue Devils sent Farmer in from the one again in the third period for their final touchdown before Columbiana punched two across for the difference.

Tom Sweeney, Republican Candidate for Congress, believes that the billions we now pour down rat holes, into foreign aid, and maintaining huge armies in Europe and Asia, is money that should be brought home, and spent here where it is now direly needed. Ghettos, housing, poverty, old age pensions, schools, roads, job training They are crying problems! The money must be found.

If you agree that the answer lies not in more taxes but in drastic cuts of foreign aid, in reducing rather than increasing our war expenditures, then say it loud and clear

Midland Tops Freedom 26-14, Ends Season 5-4

Brozic Scores On Interception

Midland ended its season with a winning record by downing Freedom 26-14 at Midland Stadium last night.

The win gave coach Ivan Dye a 5-4 mark in his first year. Freedom ends 3-6.

The game was filled with weird plays. The scoring commenced early in the second period when Freedom quarterback Bill Dvorzak faded into his own end zone to pass. He was hit by Frank Johnson and tried to get rid of the ball, and tossed it into the hands of Ed Brozic, who scored without taking a step.

Later in the period Midland added to its margin when Roy Walker took the ball on an end-around play and sped 55 yards without being touched.

Freedom scored late in the half when Walker fumbled a punt and the Bulldogs recovered on the Midland 5. Dvorzak connected with Lou Idzojtic on a TD pass and Dvorzak then ran for the extra point to narrow the gap to 13-7 at intermission.

Jackie Campbell climaxed a 50-yard drive in the third period with a two-yard sweep to make it 19-7. In the final period Howard Leak caught a screen pass from Campbell, broke several tackles and sped 74 yards for the final Midland tally.

With 1:35 left Freedom got a consolation TD on a 44-yard pass from Dvorzak to Bruce Decker.

Leak led Midland with 79 yards in 18 carries. Walker picked up 70 yards in only two attempts.

Powerful Yellowjackets Crush Stanton 61-6

IRONDALE — Jefferson Union, led by Ron Pytash and Dan Vogt, crushed Stanton 61-6 here last night.

Pytash ran for three TDs, including an 85-yard kickoff return, and a two-point conversion, and kicked four extra points. Vogt ran for three TDs. Charles Hoyman, Bill Shields and Bill Dahlen were the other scorers, as the Yellowjackets rolled up 513 yards, 436 of them on the ground.

Keith Reese scored for the Red Raiders to make it 7-6 in favor of JU, but an attempted two - point conversion failed and Pytash ran back the ensuing kickoff to start the rout.

United Upsets Southern On Passes By Loudon

Southern Local, with their leading scorer Rich Rose watching from the sidelines, dropped a 22-6 contest to rival United Local Friday night on the Southern gridiron.

The loss was the third in a row for Southern, which now stands at 5-4 on the season. United's victory leaves the Eagles with a 3-6 showing.

United held a 22-0 lead before giving up a touchdown in the final period.

Quarterback Hank London sparked United by throwing three touchdown passes. The first went to Roger Adams, covering 28 yards; the second to Bill Young, for 12 yards; and the final was a four - yard loss to Young.

Ralph Nedelkoff put Southern on the scoreboard by racing 18 yards in the fourth quarter.

United showed a big edge in the rushing game, gaining 224 yards to Southern's 92.

United was penalized for 130 yards during the contest.

Southern threatened on several occasions, driving inside the United 10-yard line three different times, only to be turned back, twice by the Eagle defense and another time by a fumble.

Reducing Of Strike Zone Strongly Recommended

COLORADO SPRINGS, Colo. (AP) — Reducing the strike zone to between the armpits and the top of the knees was recommended Friday by representatives of the 24 major league baseball teams following a two-day meeting here.

The current strike span is between the top of the shoulders to the knees.

This change, along with more than 70 others, will be submitted to club owners beginning Dec. 1.

Other important changes agreed upon were:

—Lowering the pitchers mound from 15 inches to 8.

—An umpire may declare an illegal pitch if after a warning he detects erratic flight of the ball, possibly caused by a foreign substance. The pitcher also would no longer be allowed to touch his skin or hair while in the 18-foot pitching circle.

—That both major leagues guarantee a minimum number of farm clubs. In 1969, they suggest, there should be 22 AAA clubs, 20 AA and 20 A. And, by 1971, this would rise to 24 teams in each class.

After the recommendations are submitted, the team owners will have to vote on each separately, and if a change of rules is necessitated the Rules Change Committee would be asked to vote also.

Colts' Morrell Attempts To Haunt Giants Sunday

By MIKE BRYSON
Associated Press Sports Writer

Halloween may be over, but the New York Giants will be subjected to a little haunting Sunday when the rampaging Baltimore Colts make their first appearance in Yankee Stadium in a decade.

Last summer, New York traded Earl Morrell to the Colts, and the ex-Giant backup quarterback has turned out to be more than an adequate replacement for injured Johnny Unitas.

In fact, the Colts' only loss this season—to Cleveland—came when the interception-plagued Unitas made his only appearance this year.

The National Football League showdown is vital to both teams. Baltimore, 6-1, is locked in a first place tie with Los Angeles in the Coastal Division, while New York, 5-2, trails Dallas, 6-1, by only a game in the Capitol Division.

Incidently, the last time New York and Baltimore hooked up in Yankee Stadium was in 1958, when the Colts edged the Giants in that memorable sudden death title game, considered one of pro football's greatest matches.

Dallas will try to atone for Monday night's 28-17 upset loss to Green Bay at New Orleans, 3-4. The Cowboys' Don Meredith has a broken nose, but it's not expected to prevent him from guiding the NFL's most potent scoring attack.

Los Angeles, which had its 14-game victory streak snapped by Baltimore 27-10 last week, plays host to Detroit, 3-3-1. The Lions, who despite their poor record share first with Green Bay in the Central Division, are expected to be without top running back Mel Farr. He suffered a strained tendon last week and missed most of Detroit's 14-7 loss to San Francisco. Running back Tommy Mason was a questionable starter for the Rams.

Green Bay plays host to Chicago, 3-4, in the 99th renewal of the league's oldest series. The injury-hampered Bears got off to a miserable start, but have won their last two games, including a 26-24 squeaker from Minnesota last week.

Cleveland and St. Louis, tied for the Century Division top with 4-3 records, both take to the road.

The Browns tackle San Francisco, 4-3, in the first regular season meeting between the two teams since 1962. It shapes up as a passing duel between Cleveland's Bill Nelson and the 49ers' John Brodie.

St. Louis is a heavy favorite to hand winless Philadelphia its eighth straight loss. The Cardinals, winners of three in a row including last week's 31-17 conquest of New Orleans, report everyone is in top shape, while the Eagles have half a dozen players on the injury list.

Minnesota, 3-4, and Washington, 3-4, meet for the first time ever on the Viking's field. Redskin quarterback Sonny Jurgensen is hampered by a cracked rib, but he will use a protective vest and is expected to see considerable action.

The Pittsburgh Steelers, whose only victory this season was a last-minute 6-3 triumph over Philadelphia last week, meets an equally hapless outfit when they travel to Atlanta. The Falcons' only victory in seven games was an upset over Green Bay.

In Sunday's American Football League activity, Kansas City travels to Oakland, Buffalo is at New York, Houston at Cincinnati, Denver at Boston and Miami at San Diego.

Pitt Humiliated By Miami, 48-0

BATON ROUGE, La., and Tallahassee, Fla., figure to be the hottest spots on the football map tonight . . . but Mercury watchers in Las Cruces, N.M., are looking for a scorcher too.

Louisiana State, the nation's 14th ranked team, tackles formidable Mississippi at Baton Rouge and No. 18 Florida States takes on rugged Virginia Tech at Tallahassee in what shapes up as a pair of Deep South dogfights.

While the once-beaten Tigers and Seminoles, bidding for spots in the major college Top Ten, attempt to beat the heat, New Mexico State will be trying to cool off West Texas State's Eugene "Mercury" Morris, the brilliant halfback who has ground out 1,114 yards in seven games—tops in the country.

In other arclight games, New Mexico visits Arizona State, San Jose State is at Pacific, East Carolina at Furman and Buffalo at Temple.

Saturday afternoon, top-ranked Southern California met Oregon, No. 2 Ohio State took on No 16 Michigan State; third-ranked Kansas tangled with Colorado and No. 4 Penn State played Army.

UCLA was at fifth-ranked Tennessee; Illinois at No. 6 Purdue; Houston at No. 7 Georgia, eighth-ranked California at Washington; No. 9 Michigan at Northwestern and Oklahoma State at No. 10 Missouri.

In the only game on Friday night's major schedule, Miami's hard-driving Hurricanes trampled Pittsburgh 48-0 for their fifth victory in seven games. David Olivo completed 16 of 25 passes for 190 yards and a pair of touchdowns and the Miami ground game, led by Vince Opalsky and soph Bobby Best, netted 210 yards.

LSU, beaten only by Miami in six starts, is looking for its first victory over Mississippi since an 11-10 squeaker in 1964. Last year' 13-13 deadlock left the Tigers on top 27-24-3 in the bitterly-contested series.

Ron Sellers, Florida State's All-American receiver, grabbed 16 passes for 259 yards and three touchdowns last week as the Seminoles outscored South Carolina 35-28 for a 4-1 mark. Sellers will play against defensively-tough Virginia Tech despite a charley horse that has kept him out of scrimmages all week.

The Gobblers are 3-3 after trimming West Virginia 27-12 a week ago.

Morris, who picked up 340 of his rushing yards in one earlier game against Montana State but was held to 82 last week as West Texas bowed to Utah State 20-10, will be going head-to-head against another of the nation's top ground gainers. Aggie freshman Ron James is No. 5 on the list with 751 yards.

Midland Tops Freedom 26-14, Ends Season 5-4

Brozic Scores On Interception

Midland ended its season with a winning record by downing Freedom 26-14 at Midland Stadium last night.

The win gave coach Ivan Dye a 5-4 mark in his first year. Freedom ends 3-6.

The game was filled with weird plays. The scoring commenced early in the second period when Freedom quarterback Bill Dvorzak faded into his own end zone to pass. He was hit by Frank Johnson and tried to get rid of the ball, and tossed it into the hands of Ed Brozic, who scored without taking a step.

Later in the period Midland added to its margin when Roy Walker took the ball on an end-around play and sped 55 yards without being touched.

Freedom scored late in the half when Walker fumbled a punt and the Bulldogs recovered on the Midland 5. Dvorzak connected with Lou Idzojtic on a TD pass and Dvorzak then ran for the extra point to narrow the gap to 13-7 at intermission.

Jackie Campbell climaxed a 50-yard drive in the third period with a two-yard sweep to make it 19-7. In the final period Howard Leak caught a screen pass from Campbell, broke several tackles and sped 74 yards for the final Midland tally.

With 1:35 left Freedom got a consolation TD on a 44-yard pass from Dvorzak to Bruce Decker.

Leak led Midland with 79 yards in 18 carries. Walker picked up 70 yards in only two attempts.

Powerful Yellowjackets Crush Stanton 61-6

IRONDALE — Jefferson Union, led by Ron Pytash and Dan Vogt, crushed Stanton 61-6 here last night.

Pytash ran for three TDs, including an 85-yard kickoff return, and a two-point conversion, and kicked four extra points. Vogt ran for three TDs. Charles Hoyman, Bill Shields and Bill Dahlen were the other scorers, as the Yellowjackets rolled up 513 yards, 436 of them on the ground.

Keith Reese scored for the Red Raiders to make it 7-6 in favor of JU, but an attempted two - point conversion failed and Pytash ran back the ensuing kickoff to start the rout.

United Upsets Southern On Passes By Loudon

Southern Local, with their leading scorer Rich Rose watching from the sidelines, dropped a 22-6 contest to rival United Local Friday night on the Southern gridiron.

The loss was the third in a row for Southern, which now stands at 5-4 on the season. United's victory leaves the Eagles with a 3-6 showing.

United held a 22-0 lead before giving up a touchdown in the final period.

Quarterback Hank London sparked United by throwing three touchdown passes. The first went to Roger Adams, covering 28 yards; the second to Bill Young, for 12 yards; and the final was a four - yard loss to Young.

Ralph Nedelkoff put Southern on the scoreboard by racing 18 yards in the fourth quarter.

United showed a big edge in the rushing game, gaining 224 yards to Southern's 92.

United was penalized for 130 yards during the contest.

Southern threatened on several occasions, driving inside the United 10-yard line three different times, only to be turned back, twice by the Eagle defense and another time by a fumble.

Reducing Of Strike Zone Strongly Recommended

COLORADO SPRINGS, Colo. (AP) — Reducing the strike zone to between the armpits and the top of the knees was recommended Friday by representatives of the 24 major league baseball teams following a two-day meeting here.

The current strike span is between the top of the shoulders to the knees.

This change, along with more than 70 others, will be submitted to club owners beginning Dec. 1.

Other important changes agreed upon were:

—Lowering the pitchers mound from 15 inches to 8.

—An umpire may declare an illegal pitch if after a warning he detects erratic flight of the ball, possibly caused by a foreign substance. The pitcher also would no longer be allowed to touch his skin or hair while in the 18-foot pitching circle.

—That both major leagues guarantee a minimum number of farm clubs. In 1969, they suggest, there should be 22 AAA clubs, 20 AA and 20 A. And, by 1971, this would rise to 24 teams in each class.

After the recommendations are submitted, the team owners will have to vote on each separately, and if a change of rules is necessitated the Rules Change Committee would be asked to vote also.

Rupp has coached at Kentucky since 1930 and has had four NCAA championships there.

Colts' Morrell Attempts To Haunt Giants Sunday

By MIKE BRYSON
Associated Press Sports Writer

Halloween may be over, but the New York Giants will be subjected to a little haunting Sunday when the rampaging Baltimore Colts make their first appearance in Yankee Stadium in a decade.

Last summer, New York traded Earl Morrell to the Colts, and the ex-Giant backup quarterback has turned out to be more than an adequate replacement for injured Johnny Unitas.

In fact, the Colts' only loss this season—to Cleveland—came when the interception-plagued Unitas made his only appearance this year.

The National Football League showdown is vital to both teams. Baltimore, 6-1, is locked in a first place tie with Los Angeles in the Coastal Division, while New York, 5-2, trails Dallas, 6-1, by only a game in the Capitol Division.

Incidently, the last time New York and Baltimore hooked up in Yankee Stadium was in 1958, when the Colts edged the Giants in that memorable sudden death title game, considered one of pro football's greatest matches.

Dallas will try to atone for Monday night's 28-17 upset loss to Green Bay at New Orleans, 3-4. The Cowboys' Don Meredith has a broken nose, but it's not expected to prevent him from guiding the NFL's most potent scoring attack.

Los Angeles, which had its 14-game victory streak snapped by Baltimore 27-10 last week, plays host to Detroit, 3-3-1. The Lions, who despite their poor record share first with Green Bay in the Central Division, are expected to be without top running back Mel Farr. He suffered a strained tendon last week and missed most of Detroit's 14-7 loss to San Francisco. Running back Tommy Mason was a questionable starter for the Rams.

Green Bay plays host to Chicago, 3-4, in the 99th renewal of the league's oldest series. The injury-hampered Bears got off to a miserable start, but have won their last two games, including a 26-24 squeaker from Minnesota last week.

Cleveland and St. Louis, tied for the Century Division top with 4-3 records, both take to the road.

The Browns tackle San Francisco, 4-3, in the first regular season meeting between the two teams since 1962. It shapes up as a passing duel between Cleveland's Bill Nelson and the 49ers' John Brodie.

St. Louis is a heavy favorite to hand winless Philadelphia its eighth straight loss. The Cardinals, winners of three in a row including last week's 31-17 conquest of New Orleans, report everyone is in top shape, while the Eagles have half a dozen players on the injury list.

Minnesota, 3-4, and Washington, 3-4, meet for the first time ever on the Viking's field. Redskin quarterback Sonny Jurgensen is hampered by a cracked rib, but he will use a protective vest and is expected to see considerable action.

The Pittsburgh Steelers, whose only victory this season was a last-minute 6-3 triumph over Philadelphia last week, meets an equally hapless outfit when they travel to Atlanta. The Falcons' only victory in seven games was an upset over Green Bay.

In Sunday's American Football League activity, Kansas City travels to Oakland, Buffalo is at New York, Houston at Cincinnati, Denver at Boston and Miami at San Diego.

Pitt Humiliated By Miami, 48-0

BATON ROUGE, La., and Tallahassee, Fla., figure to be the hottest spots on the football map tonight . . . but Mercury watchers in Las Cruces, N.M., are looking for a scorcher too.

Louisiana State, the nation's 14th ranked team, tackles formidable Mississippi at Baton Rouge and No. 18 Florida States takes on rugged Virginia Tech at Tallahassee in what shapes up as a pair of Deep South dogfights.

While the once-beaten Tigers and Seminoles, bidding for spots in the major college Top Ten, attempt to beat the heat, New Mexico State will be trying to cool off West Texas State's Eugene "Mercury" Morris, the brilliant halfback who has ground out 1,114 yards in seven games—tops in the country.

In other arclight games, New Mexico visits Arizona State, San Jose State is at Pacific, East Carolina at Furman and Buffalo at Temple.

Saturday afternoon, top-ranked Southern California met Oregon, No. 2 Ohio State took on No 16 Michigan State; third-ranked Kansas tangled with Colorado and No. 4 Penn State played Army.

UCLA was at fifth-ranked Tennessee; Illinois at No. 6 Purdue; Houston at No. 7 Georgia, eighth-ranked California at Washington; No. 9 Michigan at Northwestern and Oklahoma State at No. 10 Missouri.

In the only game on Friday night's major schedule, Miami's hard-driving Hurricanes trampled Pittsburgh 48-0 for their fifth victory in seven games. David Olivo completed 16 of 25 passes for 190 yards and a pair of touchdowns and the Miami ground game, led by Vince Opalsky and soph Bobby Best, netted 210 yards.

LSU, beaten only by Miami in six starts, is looking for its first victory over Mississippi since an 11-10 squeaker in 1964. Last year' 13-13 deadlock left the Tigers on top 27-24-3 in the bitterly-contested series.

Ron Sellers, Florida State's All-American receiver, grabbed 16 passes for 259 yards and three touchdowns last week as the Seminoles outscored South Carolina 35-28 for a 4-1 mark. Sellers will play against defensively-tough Virginia Tech despite a charley horse that has kept him out of scrimmages all week.

The Gobblers are 3-3 after trimming West Virginia 27-12 a week ago.

Morris, who picked up 340 of his rushing yards in one earlier game against Montana State but was held to 82 last week as West Texas bowed to Utah State 20-10, will be going head-to-head against another of the nation's top ground gainers. Aggie freshman Ron James is No. 5 on the list with 751 yards.

Wins 5th Jump Title

WASHINGTON (AP) — Jared Brinsmade won the fifth straight Washington International horse show jumping title for the United States Friday as Spindletop Act One won the Martin Perpetual Trophy.

Ups Harness Wins

PHILADELPHIA (AP) — Herve Filion drove two winners at Liberty Bell Park Friday to up his record number of victories in harness racing for one year to 313.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving memory of William C. Tucker, who died November 3, 1967. Deep in my heart lies a picture of a loved one we laid to rest; In memory's frame I shall keep him, because he was one of the best. More and more each day I miss him; Friends may think the wound is healed, But they little know the sorrow that lies in my heart concealed. — Wife, Ruth; Daughters and grandchildren.

In memory of Donald G. Poole, who passed away November 2, 1964.
To some he may be Forgotten,
To others part of the past,
But to us who loved and lost him,
His Memory will always last.
—Children, Mother, Father and Sister.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving memory of William C. Tucker, who died November 3, 1967. Deep in my heart lies a picture of a loved one we laid to rest; In memory's frame I shall keep him, because he was one of the best. More and more each day I miss him; Friends may think the wound is healed, But they little know the sorrow that lies in my heart concealed. — Wife, Ruth; Daughters and grandchildren.

In memory of Donald G. Poole, who passed away November 2, 1964.
To some he may be Forgotten,
To others part of the past,
But to us who loved and lost him,
His Memory will always last.
—Children, Mother, Father and Sister.

Junior Editors Quiz on— DEAD SEA SCROLLS

QUESTION: *Why are the Dead Sea scrolls so important?*

* * *

ANSWER: One day, in 1947, an Arabian goatherd boy named Muhammad Adh-Dhib threw a casual stone into a crevice on a rocky hillside near the Dead Sea. He heard a sound like breaking crockery. Inside a cave were a number of mouldy jars containing rolled up scrolls wrapped in decaying cloth. The boy alerted other Arabs. They took the jars out and sold the scrolls to authorities in Jerusalem. But no one seemed to know what the strange writing on the scrolls might mean until an American expert deciphered them. He discovered they were the records of a religious group called the Essenes, who had established a monastery here, about 100 B.C. This was extremely important, as the period was contemporary with the time of Christ, and the scrolls contained translations of many parts of the Bible. Material in these scrolls has tended to authenticate many things we read about in the Old Testament. Fragments of more scrolls are being carefully studied and are adding more knowledge about this most important time in man's history.

(Anita Yoder of Hatfield, Pa., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Today In History

By The Associated Press

Today is Saturday, Nov. 2 the 307th day of 1968. There are 59 days left in the year.

Today's highlight in history:

On this date in 1962, President John F. Kennedy announced that Soviet missile bases in Cuba were being dismantled.

In 1782, Gen. George Washington delivered his farewell address to the Army near Princeton, N.J.

In 1889, North Dakota and South Dakota became the 39th and 40th states of the Union.

In 1920, Republican Warren G. Harding was elected president.

In 1930, Emperor Haile Selassie was crowned emperor of Ethiopia.

In 1948, President Harry S. Truman confounded the "experts" and won re-election.

In 1948, Lyndon B. Johnson, who had barely squeaked through a Democratic run-off primary, defeated his Republican opponent and was elected to the U.S. Senate.

Five years ago—Three members of the Russian delegation to the United Nations, accused of spying against the United States, left New York for Moscow.
